Freedom of Press From Official Bonds Discussed At Ottawa

At Imperial Press Conference Hon. Theodore Fink, Australia, Moves Resolution That Press Remain Independent of Government Control.

Ottawa, Aug. 6.—(Canadian Press)—Freedom of the press from control by Government or official agencies was the opening topic of discussion at the second day's sitting of the Imperial Press Conference here to-day, following the introductory address to the delegates by Senator Blondin, Postmaster-General.

A standing vote of sympathy was taken by the Conference in the death of A. E. Miller, editor of The London Free Press, and a telegram of sympathy was dispatched to the Miller family. Lord Burnham added his personal regrets with a graceful reference to his meeting with Mr. Miller in London a couple of years ago.

Hon. Theodore Fink, of Melbourne, moved a resolution "that the press remain independent of official and Government control and that privileges secured during the war be maintained." He suggested that there was a strong reason why the Conference should go on record as opposed to any sort of fetter of official domination being imposed on newspapers. The war had secured to the newspapers a greater recognition of their value and their dignity, but after a great war there was a tendency toward official reaction. The newspapers generally viewed with suspicion the mushroom growth of government publicity bureaus with their crop of news dispatches, sometimes with party politics. In Australia these usually found their way to the wastepaper baskets.

There was also the duty which devolved upon newspapers to remove the suggestion that the "capitalistic press" was growing apace and the belief in the minds of the industrial classes that newspapers were becoming the "rich man's plaything."

Censorship.

Referring to the censorship of the press, Mr. Fink said that in Australia the censorship during the war had proved to be ludicrous in principle and irksome to a degree. He believed that it was not much different elsewhere and this remark was greeted with "hear, hear" from a number of delegates.

Mr. Fink said that newspapermen must be recognized as equally patriotic with any other class, and there must be no repetition of the censorship programme of the last few years.

$150,000 FIRE AT WASHINGTON MILL

Aberdeen, Wash., Aug. 6.—Fire of unknown origin which started in the stacker shed of the Gray's Harbor Commercial Company mill at Cosmopolis at 3.45 o'clock this morning, caused damage estimated at $150,000 and temporarily threw 300 men out of employment.

For a time the flames threatened the main mill and an adjoining box factory.

The loss is covered by insurance.

VOLUNTEERS ACT AS DENVER CONSTABLES

Special Patrolmen to Prevent Renewal of Rioting; Two Persons Killed

Denver, Colo., Aug. 6.—Fear that rioting by street car strikers, their sympathizers and strikebreakers, which last night resulted in the death of two and injury of thirty-four persons here, would be resumed was expressed in official circles to-day.

Citizens to-day were responding to a proclammation issued by Mayor Brocker calling for 200 volunteers for patrol duty. The police were helpless last night before the mob, which proceeded on its journey of destruction until it tired itself out.

Prolonged Disorders.

The rioting began in the afternoon, and it was not until 1 o'clock this morning that members of the mobs had dispersed.

Eight street cars were wrecked, the office of The Denver Post, which had opposed the strike, partially demolished and damage done to carbarns in widely-separated section of the city.

The deaths: Blake, union sympathizer, shot and instantly killed; A. G. Smith, Denver, died of bullet wounds.

The riots followed the first successful efforts of the tramway company to carry passengers on street cars manned by armed strikebreakers.

Start of Trouble.

The rioting started yesterday afternoon when two cars, manned by strikebreakers, were forced to stop by a motor truck on the track. While the cars were halted a parade of strikers and sympathizers who had been conducting a demonstration at the City Hall while a committee from the Trades and Labor Assembly conferred with the Mayor, reached the corner.

There were thousands in the parade. Fighting immediately became general, and continued almost steadily in various portions of the city until 1 o'clock this morning.

In Church.

Strikebreakers who had been manning two cars took refuge inside the cathedral and remained there until rescued by police.

IRISH BILL CREATES SOME EXCITEMENT

Crimes Bill Passed by Commons; Devlin Suspended; Others Left Chamber

London, Aug. 6.—The Irish Crimes Bill was passed on its third reading by the House of Commons this afternoon by a vote of 206 to 18.

In an exciting scene in the Commons this afternoon during the discussion, Joseph Devlin, Nationalist member from Belfast, was suspended and sent from the House. He was followed on his departure by other Nationalists, a great majority of the Labor Party and some of the Independent Liberals, amid the jeers of members supporting the Ministry.

ONTARIO JUDGE STUDIES SYSTEMS IN AMERICAN CITIES

New York, Aug. 6.—(Canadian Press) — County Judge Emerson Coatesworth, of Toronto, was a visitor to the night court here last night and sat on the bench with Magistrate Bernard J. Douras for more than an hour. The Toronto judge has been instructed by the Ontario Government to study the probationary system in use here and in Chicago. He will make a study of criminal administration and treatment of prisoners.

It is the intention of the Province of Ontario to establish a centralized probationary headquarters for offenders, as in New York, he said.

FLOUR ADVANCES AT MINNEAPOLIS

Minneapolis, Aug. 6.—Flour advanced 50 to 60 cents a barrel at the principal mills here to-day. This records a jump of 95 cents to $1.30 within the last two days.

SOME PROVINCIAL REGISTRATIONS IN PARTS OF B. C.

Accompanying is a partial list of provincial voters' registrations in and around the principal centres of population in British Columbia:

Victoria	18,961
Saanich	6,293
Esquimalt	2,917
Cowichan	2,624
Vancouver	53,400
South Vancouver	12,752
Richmond (East)	9,300
North Vancouver (East)	7,000
New Westminster	5,524
Dewdney	4,013
Delta	4,246

DUNSMUIR ESTATE INVENTORY FILED

Late Lieut.-Governor Left Assets Valued at $3,597,583

Liabilities of Testator Were $265,066, According to Official Returns

In accordance with the Succession Duty Act of British Columbia a complete inventory of the estate of the late James Dunsmuir was filed by the family solicitor in the Supreme Court here to-day. The document sets out all the assets within and without British Columbia differentiating between real estate, moneys secured by mortgage, securities for money, including life insurance and cash, book debts, promissory notes and bank and other stocks. The total value of the estate is given as $3,597,583.08 gross with debts and liabilities estimated at $265,066.03.

No mention is made in the inventory of the Canadian Northern debenture stock referred to in the late Mr. Dunsmuir's will, which was doubtless disposed of by him during his lifetime. Reference is made to some of the stock, however, in an affidavit executed by Mrs. Dunsmuir as having been transferred to the children in February last, the total sum mentioned being £764,719.12.4½.

Detailed Assets.

Included in the detailed inventory of assets are individual items setting out their separate values such as household and furniture, $35,000; farming inplements and so forth, $1,650; thirteen horses, $1,360; horned cattle, $2,010; sheep, swine and lambs, $428; book debts and promissory notes, $6,898.97; moneys secured by mortgage, $904,962.03; bank stock and other stocks—without the Province—$1,365,933.23; securities for money, $682,089.93; cash on hand, $771.97; cash in bank within the Province, $150,898.82; cash in bank without the Province, $71,580.13; other personal property, motor cars and so forth, $7,000, and real estate, $367,000.

Liabilities.

Debts and liabilities are similarly itemized the chief among them being income tax payable to the Dominion Government for 1919, $131,328.33, added to which is the amount estimated as payable up to June 6 or the present year, namely, $60,000; income tax payable to the Provincial Government, is set down for the year 1919 at $19,181.05, and up to June 6 last, approximately $9,000. Other liabilities include Hatley Park and other taxes, various household and personal accounts. As above stated, therefore, the gross estate is computed at $3,597,583.08 and the liabilities at $265,066.03.

WOULD SEND GUILTY FARMERS TO JAIL

The Toronto World Suggests Handling of Detroit River Liquor Situation

Toronto, Aug. 6.—The Toronto World figures out that the Drury United Farmer-Labor Government of Ontario will this year collect over $800,000 from racetrack licenses, and says:

"Why not devote this money to enforcing the Ontario liquor law, and also the hundreds of thousands additional collected as fines for breaking the liquor law in question, even if you have to arrest citizens, including farmers, and send them to jail instead of fining them?"

The reference to farmers relates, of course, to the oft-repeated statement that Ontario farmers along the Detroit River border are among the chief contributory offenders in regard to the non-enforcement of the liquor law.

KRASSIN DECLARES REPORT OF SECRET TREATY IS UNTRUE

London, Aug. 6.—Leonid Krassin, Bolshevik Minister of Trade and Commerce, informed the Government yesterday that there was no truth in the published report that a secret agreement had been reached between Russia and Germany.

TURKS MAKE NEW EFFORT AGAINST TROOPS IN GREECE

Constantinople, Aug. 6. — (Associated Press)—The Turkish Nationalists to-day were opening an offensive against the Greeks in the region northeast of Brussel, just to the south of the eastern end of the Sea of Marmora.

The Greeks are confident, however, that they will be able to rout the forces of Mustapha Kemal Pasha, the Nationalist leader, when the concentration of Greek troops from Thrace is complete.

BOLSHEVIKI HAVE SUPPLIES FOR LONG FIELD CAMPAIGN

Washington, Aug. 6. — (Associated Press)—Soviet Russia is in possession of sufficient munitions to carry on for five years warfare on the scale of that now being conducted against Poland, according to estimates made here to-day by military authorities. Virtually all of the stocks on hand are from supplies furnished by the Allied Governments to the old Russian Regime during the world war.

Financial Weapon Used Against Sinn Feiners

Belfast, Aug. 6.—(Associated Press)—There is to be a continuation of the Government's policy of using to the fullest extent its financial weapon on Irish public bodies declaring for republicanism.

A letter has been sent from the Chief Secretary's office to Irish county, borough and urban district councils saying that in view of resolutions passed by certain bodies in Ireland repudiating the authority of the Imperial Parliament, it is necessary for the Lord Lieutenant to withhold further payments from the local taxation in Ireland account to any local authority.

POLICE WANT MAN WHO FIRED SHOT

Malahat Motor Shooting Last Night Is a New Mystery

Police are working to-day to solve the mystery of the shooting on the Malahat last night when a bullet crashed through the glass windshield of the car driven by William Thomas, Princess Alice steward, and drove a piece of glass into the face of Mrs. B. Johnson, of the Carlton Hotel, who was riding with him. In the rear seat was Mertis Wood, with Alf Williams, of Thorpe's Soda Works.

"We were coming down from Duncan and were near the Summit on the Malahat when the first thing I knew was that Mrs. Johnson threw her head over and the blood started to come from her nose and mouth," Mertis Wood, of the Carlton Hotel, said to-day.

Man On Horseback.

"I heard no shooting, but I noticed a small hole through the windshield. I noticed a man who was on horseback ahead about 50 or 60 feet on the road.

"Mr. Thomas, who was driving the car, stopped it. He and Mr. Williams got out and looked up and down the road and then went to the creek for water to bathe Mrs. Johnson's nose and face."

After Mrs. Johnson was revived the party came in to the Colwood Hotel and reported what had happened.

Hit, But Heard Nothing.

"We were coming along slowly," said Mrs. Johnson to-day. "Mr. Thomas was driving the car. He turned back to speak to Mr. Williams, who was in the back. I noticed a man on horseback ahead of us some sixty feet.

"I said to Mr. Thomas: 'Watch where you are going.'

"I then turned my head towards him. The first thing I knew was that I felt something hit me on the right side of the nose.

"I could not say that I heard any shot. The noise of the car probably was the reason for that.

Saw Man in Woods.

"The blood started to run from my nose. I looked up and noticed a hole in the upper right hand corner of the wind-shield. When I got

(Concluded on page 4.)

ORDER RESTORED IN ILLINOIS TOWN

Five Killed in West Frankfort Riots; 5,000 Foreigners Left Town

West Frankfort, Ill., Aug. 6.—Following a night of rioting in which five persons are believed to have been killed and scores injured, comparative quiet was restored here to-day. Approximately 5,000 foreigners against whom the rioters directed their attack had left town, and this, coupled with the arrival of 150 militiamen of the 9th Illinois Infantry, tended to bring about order.

The mob which started the rioting was bent on avenging the murders of Amiel Calcaterra, nineteen years old, and Tony Hempel, eighteen, both of West Frankfort, whose bodies were found near here Wednesday.

A number of houses were burned and a pool hall was wrecked. The mob, at its height, numbered about 4,000 men.

The rioting continued to nearly daybreak. At times the mob split up in sections, and it was reported that some divisions of the mob drove foreigners into nearby woods.

The homes of about fifty foreigners were fired and the residents were clubbed and mauled.

KNOWS NOTHING OF COLONIZATION PLAN

Mr. Barrow Says Government Will See That Settlers Get Suited

"Our chief object is to see that those settlers arriving in British Columbia are of the right type and that the land on which they settle is capable of adding to the natural wealth of the Province by producing its proper quota; beyond that I have absolutely no knowledge of any departure from the policy now being followed either by the Land Settlement Board or by the Department of Agriculture."

This was the statement of the Hon. E. D. Barrow, Minister of Agriculture, to The Times representative this morning when asked whether it was the intention of the Provincial Government to embark upon a new departure in colonization work.

As to the appointment of a director of immigration for the United Kingdom Mr. Barrow declared that no such proposal had been submitted to or discussed by him. His own and the Government's chief concern, he said, was to see that more settlers did not arrive in the Province than could be properly assimilated. That, to his mind, was the most practical policy of colonization at the present time when the movement of peoples had taken on a world-wide scale.

SAYS G. T. P. NEEDS OUTLAY OF MONEY

Hon. J. D. Reid Is Back in Ottawa After Trip to This Coast

Ottawa, Aug. 6.—Hon. J. D. Reid, Minister of Railways and Canals, who has returned from a trip over the Canadian National Railway system in Western Canada, states that the Grand Trunk Pacific will require considerable expenditure to bring its roadbed up to the desired standard, including the rebuilding and filling in of a number of wooden bridges. The Canadian Northern he found to be in good condition.

The work of co-ordinating the two Government lines is in progress, and within a very short time the two systems will be operated under one management.

Coal.

The Minister believes that it is in the interest of Ontario and Quebec that some action should be taken to supply these provinces with coal from Western Canada, as well as from Nova Scotia, for industrial purposes, in view of the possible shortage of that commodity this coming Winter. He is of the opinion that a large number of coal cars and locomotives may have to be supplied by the Government to the Canadian National Railways and Canadian Pacific Railway for this special purpose in order that commercial coal may be delivered in Ontario and Quebec at the lowest possible price. The long haul and the cost of equipment is what adds to the cost, and Dr. Reid feels that every effort should be to reduce this cost to a minimum.

DOMINION ARSENAL TO BE CLOSED; MEN TO BE DISMISSED

Quebec, Aug. 6. — The Dominion Arsenal will close its doors August 10. The Arsenal authorities received orders from Ottawa to this effect and will have to dismiss several hundred skilled workers, for the most part married men.

OFFICERS ASKED IF WILLING TO SERVE

Indications Imperial Officers in Canada Sounded Regarding Anti-Soviet War

One British Officer Discloses He Received Query From London

Toronto, Aug. 6.—Canada's part in Europe's war with the Red army is yet to be played, if a statement made by a local military man to-day indicates a general movement.

The army officer stated that he had received a message asking if he was prepared to serve again. His explanation of the message was that conditions in Eastern Europe were agitating the military authorities in London and he expected similar messages would be received by other members of the Imperial forces in Canada who have not yet been discharged from the service.

Airmen Too.

If a call should come only to those members of the Imperial forces who have not yet received their full discharge, many of the Royal Air Force veterans would be among their number. A good many of these have not yet been discharged, the date upon which they receive their final release from the army coming, in many cases, on December 1.

Imperial veterans, in most cases, are still on the reserve list, with the exception of time-expired men.

Canadian officers are not immediately affected. While they are on the militia reserve they could not be called upon to serve outside of the country without the sanction of the Dominion Parliament.

WARSAW'S DEFENCE LINE IS PIERCED

Reds Advance at Several Points; Polish Government Ready to Move

Warsaw, Aug. 6.—The defensive line east of Warsaw has been pierced in several places, according to reports from the front.

Preparations have been begun for transferring the Government, if that move is necessitated by the Russian advance. The officials, however, still hope the Soviet forces will be checked somewhere east of the Vistula.

No announcement has been made as to what place the Government would move to, but it is reported it would be Posen or Czestochowa, 143 miles southwest of Warsaw, near the Silesian frontier.

Crossed Bug.

Of the developments along the eastern defence line, the word from the front shows that after a halt of several days while reinforcements were brought up and supplies forwarded along the river, the Bolsheviki forced crossings of the Bug at a number of places. At one point, southeast of Ostrov, the Soviet troops are reported to have crossed the river in large numbers.

Last night's communication from headquarters announced that the Russians had forced the Bug in the region of Drohiczyn, about seventy miles east of the capital, this being a part of the Soviet movement to outflank the defenders of Warsaw and push on toward the Vistula. The Poles counter-attacked and fierce fighting is continuing.

Brest-Litovsk Region.

In the region of Brest,-Litovsk, which is in the hands of the Russians, they recoiled from an attack but compelled the Poles to evacuate Terespol, just west of the river. There was fighting at various points to the south, but without gains for the Russians.

The Soviet troops have been checked in their westward push along the Prussian border, the statement announces. They have reached Myszenic in an advance apparently designed to bring them to the Warsaw-Danzig railway.

Military observers assert that this is part of the Russian outflanking movement planned to surround the capital thus saving the heavy losses which would result if Warsaw were directly attacked.

Ostrov.

London Aug. 6.—A semi-official message from Warsaw filed last night says the Poles have evacuated Ostrov between the Bug and the Narew Rivers twenty-five miles southwest of Lomaz and about fifty-five miles northeast of Warsaw.

The dispatch declares that Polish officials believe that the present rate of advance if maintained would bring the Russians into Warsaw in seven to ten days.

Britain May Accept Soviet's Answer to Note from London

No Official Statement After Cabinet Meetifg in London To-day But Indications Are That Some Favorable Ground For Exchanges Will Be Found.

London, Aug. 6.—To-day's Cabinet meeting, at which the Russian reply to the British note on Poland was considered, was followed by no official indication of the trend of affairs. The best information, however, was that Great Britain would accept the Soviet's reply, notwithstanding that it is not wholly satisfactory.

London, Aug. 6.—Leo Kameneff, of the Russian Soviet delegation here, sent Premier Lloyd George last night a long communication giving the Soviet Government's reply to Great Britain's note of Tuesday with regard to the delay in the armistice negotiations between Russia and Poland.

GERMAN DESIGNS ARE SUSPECTED

Suspicion Germany Acting in Collusion With Bolsheviki Persists in London

London, Aug. 6.—Suspicion that Germany is acting in collusion with the Bolsheviki persists, and it is not lessened by reports of the address made by Dr. Walter Simons, German Foreign Minister, before the Reichstag yesterday, during which he declared Germany would seek to prevent the Entente from sending troops to Poland across Germany. It is suggested the Entente could send troops by air-craft.

A dispatch from Berlin last night said:

"The German Government is determined to prevent by every means the Entente from sending troops through Germany to help Poland, according to a declaration made in the Reichstag to-day by Dr. Walter Simons, Foreign Minister.

"Dr. Simons intimated that if the necessity arose Germany would fight to prevent such a 'violation' of German territory.

"Declaring he was not aware whether the Entente actually intended to march troops through Germany, he said it would obviously be to their interest to do so, and the German Government must take measures accordingly.

"Dr. Simons referred to the report that preparations were in progress in occupied territory to transfer troops to the East.

"'If this is true,' he declared, 'it constitutes a violation of German neutrality, for the territory, although occupied, is German, and the agreement provides that no district belonging to a neutral power may be used for military operations.'"

ROUMANIA MASSES TROOPS AT BORDER

Concentrates Military Units in Bessarabia Near Bolshevik Territory

Paris, Aug. 6.—Roumania has begun concentration of forces in Bessarabia. Whether this move is for the purpose of relieving the pressure against Poland or to force withdrawal of the Soviet troops now on Roumanian soil has not developed. A Geneva dispatch indicates considerable Bolshevik unrest in Roumania.

A dispatch from Geneva yesterday said: Nikolai Lenine, Premier of Soviet Russia, had ignored the Roumanian ultimatum to withdraw his troops from Roumanian territory, according to the Bucharest correspondent of The Journal de Geneve.

The correspondent described the Roumania as serious. Bolsheviki had invaded Galicia, he said, and in Bukovina a quarter of a million discontented Socialist workmen were ready to join the invaders.

A MONTREAL DEATH.

Montreal, Aug. 6.—Dr. J. J. Ross, one of this city's best known physicians, died yesterday as a result of pneumonia.

M. Kameneff's statement declares that the Soviet Government never desired to combine the negotiations for an armistice with negotiations for peace, but that it demands that the terms of the armistice include reasonable guarantees which would prevent attempts on the part of Poland to use the period of the armistice for a renewal of hostile acts.

The sole obstacle in the way of the beginning of negotiations for the suspension of military operations, says the note, is the absence of the Polish delegates, whose return is being awaited by the representatives of the Soviet Government in order that negotiations may be immediately opened.

Wider Frontiers.

The note continues:

"The Russian Soviet Government again declares that it is firm in the recognition of the freedom and independence of Poland and its willingness to grant to the Polish state wider frontiers than were indicated by the Supreme Council and mentioned in the British note of July 20."

With regard to the proposed London peace conference, the note says in substance that the Soviet Government had proposed that the conference be only with the leading powers of the Entente because the usefulness of such a conference arose from the fact that without the assistance of the leading powers war could not be waged by other states against Russia, and so the peace of Europe would be guaranteed.

Direct Negotiations.

The Kemeneff statement continues: "We are still of the opinion that direct negotiations with Poland for peace would serve the interests both of the Russian and Polish peoples."

The conference in London between Russian and the leading powers of the Entente, says the communication, "would have for its object the regularization of the international position of Russia and the settlement of all outstanding questions between her and the Allies, for the benefit of general peace."

Partial Disarmament.

In the guarantees the Soviet desires that Poland will not use the armistice period for a renewal of hostilities, it is set forth, and includes her partial disarmament and cessation of the recruiting of conscript soldiers, as well as voluntary enrollments.

M. Kameneff also refers to his interview with Premier Lloyd George and states that he forwarded to the Soviet Government the Prime Minister's statement "with regard to the decision of the British Government to side with Poland and to renew the blockade in consequence of the invasion of ethnographical Poland by the troops of the Soviet Government."

Military Situation.

London, Aug. 6.—While the actual military situation in Poland is not much clearer than it was yesterday, it is admitted to be critical. Reports yesterday stated the Soviet armies had reached points thirty miles distant from the Polish capital but later advices indicate they are twice that distance away and that the Soviet cavalry is far ahead of the infantry.

A Warsaw dispatch to The Daily Mail states the Polish counter-offensive on the southern front has been successful and that the Bolshe-

(Concluded on page 4.)

SEATTLE PORTER IS CHARGED WITH THEFT; POLICE SEEK HIM

Seattle, Aug. 6.—When W. H. Charlton, assistant manager at the Pig 'n Whistle, 109 Second Avenue, left the store at 1 o'clock yesterday morning he could not open the safe. He called the night porter and pointing to a desk drawer, said he had left a sack of money in it. He asked the porter to keep an eye on it.

Yesterday morning at 6 o'clock the money and the porter were gone. The police are looking for Fred Wolff, the porter, who roomed at the Waldorf Hotel. The night clerk said Wolff came in about 5 o'clock in the morning, packed two suitcases and said he was going to Vancouver, B.C. and would return Saturday.

The bag contained $754.65.

POUND STERLING VARIES AT NEW YORK

New York, Aug. 6.—A flurry in the money exchange market to-day carried the British pound sterling up to $3.67, or 5½ cents above the close last night, owing to the current reports of an early peace with Poland. A quick reaction, however, followed, with the quotation dropping to $3.65½, which was 3¾ cents above the close yesterday.

Amundsen Party Leaves On Trip to North Pole

Nome, Alaska, Aug. 5.—Captain Roald Amundsen, Norwegian explorer, will leave Nome at 10 o'clock to-morrow morning to resume his attempt to reach the North Pole, he announced to-day. He plans to steer his vessel, the Maud, for Wrangel Island, off the northern coast of Siberia, and from that point to drift with the Arctic ice pack.

Captain Amundsen declared he was certain of success in his venture. He expects the voyage will require five years for completion.

When the Maud hoists anchor to-morrow for the start of the long journey all ships in Nome harbor will form a line and escort the explorer's vessel a short distance on the northern trip. Plans also have been made for taking moving pictures of the start.

Wrangel's Forces Defeat Reds in South Russia

Constantinople, Aug. 5.—Via London, Aug. 6.—Armies of the Russian Soviet Government which have been engaged in fighting General Wrangel's forces in Southern Russia have been completely defeated, according to a telegram from General Wrangel which has been received. The anti-Bolsheviki have captured 4,000 prisoners, 39 cannon, 150 machine guns, four trains, five armored cars and a great quantity of war material, it is said.

The pursuit of the Bolsheviki continues, it is declared.

MEN FIGHTING BIG FOREST FIRE

Nelson, Aug. 6.—Fire yesterday near Erie burned out the Arlington mine and also burned over the site of the old Relief mine. The blaze is in the limits of the Northern Cedar Company of Spokane, and is being fought by a great crew of men.

CALGARY VERDICT.

Calgary, Aug. 6.—Stanton A. Nickle, the prominent business man who is charged with having run down and killed Mrs. W. Campbell while driving his big automobile Wednesday evening, was held responsible by the coroner's jury which investigated the accident last evening.

The verdict declares that "the evidence submitted indicates reckless driving and total disregard for human life."

BEATEN BY THUG.

Vancouver, Aug. 6.—Mrs. F. Peace, Twenty-Ninth Avenue and Trafalgar Street, was the victim of a brutal attack yesterday when an unidentified bandit struck her into unconsciousness and looted the offices of the Commercial Credit Company, 408 Standard Bank Building, where she is employed. The robber secured $7 from a desk in the office and $20 from the purse of his victim.

BELGIAN PRINCESS HAS BIRTHDAY

Marie Jose, Hidden During War, Was Fourteen on Wednesday

Antwerp, Aug. 6.—Princess Marie Jose of Belgium is quite grown up now, for on August 4 she celebrated her fourteenth birthday. She received all sorts of presents.

The observance was in startling contrast to her war-time experiences. In September of 1914, comforted only by a little rag doll given her by one of her admirers, pretty little Marie Jose was hiding from German dirigibles in England.

The fate of the princess and her two brothers, Leopold and Charles, worried the Queen so much when the royal palace was first attacked from the air that she hastily spirited them out of the country to an unknown destination in the heart of England.

About the only things the Queen had time to take with her besides the children were the crown jewels and a good luck necklace, said to have been worn by Cleopatra and handed down from old King Leopold.

For Good Luck.

The story is told in Antwerp that the Queen refused to leave without the string of good-luck pearls, feeling sure that if she did not secure them ill luck would follow her and her children.

No one except the King and Queen and a few soldiers sent along to guard them knew where the little princess was located.

Princess Marie Jose probably has more admirers than any other fourteen-year-old girl in the whole world. Beautiful as a picture, and always possessing a happy, contented smile for everyone, she has won her way into the heart of thousands.

The two elder children of the King are great favorites, Prince Leopold, the Duke of Brabant, being especially so. Prince Charles is a romping youngster and delights in playing all sorts of games with the boys who are permitted to visit at the royal palace.

Thousands of Postals.

During the war there were distributed thousands and thousands of postal cards bearing Princess Marie Jose's portrait; also charming plaster busts, souvenirs for her children friends, whose ages range anywhere from six to sixty-six. The post card circled the earth.

Larz Anderson, of Boston and Washington, formerly United States Minister to Belgium, who, besides being diplomat, traveler and author, is very much of a boy at heart when it comes to appreciating real fairy princesses, wrote of her then:

"I knew the little Princess Marie Jose when I was Minister at the Belgian court, and she was like a fairy princess, the ideal princess of one's dreams. In our drawing room there is a photograph, a gift to my wife, signed in childish, but strong handwriting as "Marie Jose de Belgique," and in it she appears the little royal princess out of a story book, for her wonderful hair is all aglow with the light from a window by which she stands, and her dress seems to recall mediæval times.

"I do not exaggerate her wonderful charm, and there is enough suggestion of mischief in the charm to prove her a little girl as well as a royal princess."

ONTARIO EDITOR DIED.

London, Ont., Aug. 6.—Alfred E. Miller, managing editor of The London Free Press, died last night at his Summer home at Bayfield, Ont., of pneumonia. He was forty-nine years of age and had spent his entire journalistic career with The Free Press.

KRUPPS AND GUNS.

London, Aug. 6.—According to The Daily Mail there has been a boom in patent applications at the Patent Office during the past fortnight. In one day alone Krupps, the German armament firm, filed over fifty applications relating to guns and range-finders.

BRITISH REVERSE IN MESOPOTAMIA

Montreal, Aug. 6.—A London cable to The Montreal Star says:

"The Daily News learns that the British disaster in Mesopotamia was serious. The 300 casualties which the War Office reported were nearly all killed.

"The defeated column was a battalion of the Manchesters, with miners, sappers and a six-gun battery. Only a few stragglers returned. Four guns were saved.

"A fresh division has been ordered to Mesopotamia from India.

"Inquiries to the Ashton-under-Lyne depot of the Manchesters showed that the second battalion was commanded by Lieut.-Col. Wright, who went to Mesopotamia in March.

"The Kufah garrison, on the Lower Euphrates, is still holding out.

"The town has been partly burned up.

"The Arabs lost 130 dead and many wounded in a new attack northwest of Hillah."

DEBATE ON IRELAND CAUSED SOME HEAT

British Commons Gave Irish Crimes Bill Second Reading Last Night

London, Aug. 6.—After a debate which developed heat and a personal scene between Premier Lloyd George and Rt. Hon. H. H. Asquith, the Government last night defeated the motion of John Robert Clynes (Laborite) for rejection of the new Irish Crimes Bill, and the measure passed second reading by 289 to 71. The voting was carried out under a motion made in the House during the day by Rt. Hon. Andrew Bonar Law, providing for passage of the bill by 6 p.m. Friday.

Throughout his speech the Prime Minister was subjected to interruptions from both sides of the House.

In the course of the reproaches from Mr. Asquith, the Prime Minister said it might have been supposed from Mr. Asquith's speech that Ireland was a paradise in 1918, whereas, he declared, the facts were that in that year there was an army of over 159,000 enlisted men in Ireland, engaged in treasonable conspiracy and in negotiations with the Germans. He said this army had undertaken to attack Great Britain two months after the German offensive, of which it had been informed.

Documents.

"It was in the same year," he went on, "we discovered documents in the pockets of men who are now leaders of South and West Ireland, showing there was an arrangement between them and the Germans to attack us at the moment of our greatest peril."

Mr. Lloyd George's general argument was that the Government was prepared to make great concessions for the sake of peace, goodwill and partnership, but he said any Dominion solution required definite assertions regarding the army, navy and ports, and the position of Ulster, which could not be forced into a Home Rule Parliament.

No disposition to accept such a solution, continued the Prime Minister, was apparent in South and West Ireland. On the contrary the South and West were demanding something Britain could never concede except as a result of disaster and defeat. He believed there were hopeful indications of changing views concerning these extravagant demands, but while the campaign of outrage and murder continued, he stated, there was no alternative but the bill the Government was now proposing.

A Duel.

At the opening of the debate, Mr. Asquith started an angry duel with the Prime Minister by declaring the situation in Ireland needed Cromwellian treatment, but that he could see no Cromwell in the Government.

The Prime Minister retorted by describing Mr. Asquith as Cromwell when he was in power.

Sir Hamar Greenwood, Chief Secretary for Ireland, explained it was not intended for the bill to supersee the ordinary courts; it would only apply to disturbed areas at the discretion of the Irish Government.

Mr. Asquith then spoke, blaming the Government for the situation in Ireland. This met with cries of dissent. He declared he was not frightened of the spectre of an Irish republic because he believed to concede Dominion Home Rule to Ireland would cause the cry for a republic to dwindle.

Heated protests were made that Mr. Asquith had never offered a solution of the difficulty.

"No," he replied, "but I am prepared to offer one now."

Mr. Lloyd George said it was useles to make vague, ill-considered suggestions about Dominion Home Rule, and challenged Mr. Asquith to present the name of anyone in Ireland able to speak for the Irish people who would accept his Dominion proposal.

Debate Restricted.

The rule to confine the debate, with final action Friday evening was adopted after some discussion, 273 to 68. T. P. O'Connor, Sir Donald Maclean, Mr. Clynes and others who attacked the "hurry-up" method, declared their attack was not aimed against the bill, but contended a measure "removing constitutional rights of British citizens by the denial of trial by jury" should be granted freer discussion.

Mr. Bonar Law pleaded for quick action because of what he termed the "necessity for setting up a sort of court system in Ireland immediately."

ATTEMPT TO WRECK PASSENGER TRAIN

Fernie, B. C., Aug. 6.—An attempt to wreck a C. P. R. train near Sentinel, Alberta, a short distance from the scene of last Monday's holdup of passenger train No. 63, was frustrated Wednesday night when the engineer saw the obstruction placed across the tracks in time to stop the train. It is thought here that it was intended for eastbound passenger train No. 68.

FEET AREN'T ACHING OR TIRED NOW—"TIZ"

Use "Tiz" for tender, puffed-up, burning, calloused feet and corns.

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "Tiz," and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a box of "Tiz" now from any druggist. Just think! a whole year's foot comfort for only a few cents.

CIVIL AVIATION SHOWING PROGRESS

What Countries Are Doing; Even Germans and Austrians at Work

London, Aug. 6.—Progress in civil flying made by the various countries of the world since the armistice, is discussed in a detailed report made public by Sir Frederick Sykes, Controller-General of Civil Aviation in Great Britain.

Austria and Hungary are forbidden, under the terms of peace, to manufacture or import aircraft engines, the report points out that these three countries are in process of organizing departments of Government to deal with civil aviation. At the present time, Sir Frederick says, there are twenty-five air transport companies in German and the number is increasing monthly.

Shortage of fuel and the general economic situation is retarding aviation in Austria, says the report.

Belgium has organized an Air Ministry and has established air attaches in Paris and London. The Government, it is said, has appropriated 2,000,000 francs for development of flying in the Belgian Congo.

Great progress is recorded for France, which has air attaches in all the chief capitals of the world, whose duty it is to study the aviation in various countries.

France, he says, has acquired five aerodromes and twenty-four landing grounds for the use of civilian flying and also is planning to connect all her colonial possessions by air lines.

Italy has appointed sixteen air attaches in as many countries, says the report, and is spending large sums of money in order to keep herself in the front rank of aviation development.

SIR GEORGE FOSTER WILL NOT RESIGN

Toronto, Aug. 6.—Sir George Foster, M. P. for North Toronto, in acknowledging the receipt of a demand from the G. A. U. V. that he and the other representatives of the Toronto ridings resign their seats in Parliament, has refused to comply with the request. In his letter he says:

"I have my own idea of the services I owe to my constituency and the country, and I must be allowed to perform them in the manner I think most conducible to the public interest.

"My constituency gave me a mandate for the legally constituted term, and not for a fraction thereof," says the Minister of Trade and Commerce. "I am inclined to think that such a mandate should not be disregarded on the grounds that you mention."

GERMAN WARSHIPS HANDED OVER TO ALLIED POWERS

Edinburgh, Scotland, Aug. 6.—Two of Germany's most formidable battleships, the Helgoland and Westfalen, and twelve destroyers allocated to Great Britain, surrendered yesterday at Rosyth, where they arrived from Kiel.

Paris, Aug. 6.—The German battle-cruiser Regensburg, which was allotted to France, reached Brest yesterday.

WAS RECAPTURED.

Saskatoon, Aug. 6.—George Silver, drug peddler, sentenced here to six months in Prince Albert jail, who escaped from the custody of the officer conducting him to the jail by diving through a railway car window, was recaptured yesterday afternoon at Prince Albert. He was in a sleeping car in the C. N. R. yards, ready to make his getawa-

Suit and Coat Styles for Fall Wear

FACTORY PLAN FOR GERMAN EX-SOLDIERS

A "Mutual Comradeship" Scheme Is Proposed For 100,000 Discharged Men

Berlin, Aug. 6.—A practical suggestion to solve the vexed problem what to do with 100,000 army men who, in compliance with a Spa undertaking, are facing discharge, is offered by the "Economic Union of German Professional Soldiers," which has worked out a scheme to distribute the men in different state-owned plants which are at the present moment lying idle. The German Government is to subsidize working expenses of these plants and fix a scale of wages.

The operation of the plants would constitute a novelty because they would be worked on the principal of "mutual comradeship," and the relationship of employer and workmen would be eliminated. The Government would take over the main output of the plants, and there would be planned extensive land settlements on state-owned lands which workers would cultivate and on which they would build their own dwellings after performing eight hours daily factory work.

The promoters claim that the scheme has already secured official support on principle.

Porcelain Money.

Berlin, Aug. 5.—The first German porcelain money is being manufactured in Meissen, Saxony, and will consist of 300,000 twenty pfenning pieces for use on the Hamburg elevated railway. The city of Meissen as well as several other towns have ordered porcelain coins for local use, with a view of solving the small change scarcity as well as obviating the present unclean and easily tearable paper currency.

The German Republic is said to be about to introduce porcelain coins ranging from 10 pfennings to five marks.

REICHSTAG ADJOURNED.

London, Aug. 6.—The German Reichstag passed the disarmament bill yesterday and adjourned until the middle of October, according to a wireless dispatch from Berlin.

FOUR WERE INJURED AT TRAIL SMELTER

Nelson, B. C., Aug. 6.—As a result of a splash of molten copper falling between the molds in the copper refinery at the Trail smelter yesterday into the water in the gutter for catching the drip, and vaporizing the water so that the copper splashed forty feet in the air, four employees were burned. Gordon O'Connor, whose eyesight is in danger, is being taken to the coast. The other three, Murdo McClennan, Lee Mock and David Patten, are under treatment at the Trail hospital.

WRANGEL TRIES TO PREVENT POGROMS

London, Aug. 6.—Fulfilling the promise that General Wrangel, anti-Bolshevik leader in South Russia, recently made to the Jewish people, he is reported to have issued an appeal pleading that all pogrom agitations cease.

He has also taken steps to deal with the anti-Semitic press, as a result of which Colonel Vissiev, a censor, has been dismissed, while Col. Ignatieff, chief censor, has been severely rebuked.

MR. MEIGHEN TO DELIVER SPEECHES

Ottawa, Aug. 6.—(Canadian Press)—The picnic in West Hastings County, represented in Parliament by E. Guss Porter, at which Hon. Arthur Meighen on August 11 will deliver his first address dealing with political subjects since becoming Prime Minister, will be held at the town of Stirling, sixteen miles from Belleville.

Mr. Meighen has been asked to speak in St. John, N. B., and Colchester, N. S., the constituencies in which Hon. F. B. McCurdy and Hon. R. W. Wigmore, respectively, are seeking re-election, and he will very likely go to the Maritime Provinces some time this month.

CANADA'S INDUSTRIES AND OLD COUNTRY

London, Aug. 6.—(Canadian Press)—The Financial News, under the caption "The Industrious Canadian," endeavors to correct an impression prevalent in the minds of some people in Great Britain that "the only thing Canadians can do is to grow wheat, oats and apples."

The newspaper has reference to the recent Canadian Industries Exhibition at the Royal Agricultural Hall, where many have observed Canada's capacity to produce "the goods" by seeing the Canadian wheels of industry convert raw material into the finished product.

The newspaper says: "Boots and shoes, pianos and organs, gramophones and carpet sweepers, bedsteads, chocolates and a thousand other things are on view there, all made in Canada. One can see beetroot converted into sugar, or wool shorn from the sheep passing through all the various processes which end in handsome carpets and warm underwear, and the story of the cocao-bean from the tree to the chocolate box."

SUGAR BEET CROP OF UNITED STATES

Washington, Aug. 3.—Sugar production from sugar beets this year in the United States is forecast at 2,067,000,000 pounds by the Department of Agriculture. It will be a record crop. Last year 1,453,000,000 pounds were produced from sugar beets and the average production for the five years, 1914-18, was 1,577,200,000 pounds.

AMALGAMATION OF JAPAN STEEL WORKS

Government Considering a Scheme to Tide Over Present Trade Conditions

Tokio, Aug. 5.—Amalgamation of all the steel works in Japan, in order to tide over the present trade conditions, is reported under consideration by the Japanese Government, the authorities of which are said to be investigating the possibilities of a nation-wide merger.

The iron market continues weak, owing to the slump in quotations and the decrease in demand, although the amount of iron imported from the United States aggregates nearly 2,000 tons a month in accordance with the contracts signed last year.

In these circumstances, pessimistic views are being now entertained by some of the iron dealers, and a number of the steel works have been obliged to close. The output for the first half of the current year, therefore, is expected to result in a decrease of nearly thirty per cent., with even worse prospects for the latter half of the year.

ANOTHER COMMISSION FOR WORLD LEAGUE

San Sebastian, Spain, Aug. 5.—Via London, Aug. 6.—The Council of the League of Nations to-day discussed establishment of a military and naval commission. This would be simply a consultative body within the League, its principal mission being to advise the League regarding restrictions on manufacture of arms and munitions.

The proposed commission also would give advice to the League as to disarmament and other questions on which the Council requires expert advice.

MOVIES CAUSED MURDER IN JAPAN

Osaka, Japan, Aug. 4.—Convinced that sensational motion pictures incited Japanese boys to the recent murder of two school girls here, the police have prohibited children under sixteen years from attending picture shows open to adults. Police examination demonstrated that the killing of the girls, who were carried off by force and skin, was due to an idea obtained at a movie show.

Films for children henceforth will receive a special censorship.

VANCOUVER WOMAN DISCUSSES CASE

Was So Run Down From Indigestion She Was Afraid to Venture From Home; Says Tanlac Made Her Like New

"Nobody can be with me long without hearing something about Tanlac, for it has done me so much good I can't help praising it," said Mrs. Grace Maloney, of 1922 Fraser Avenue, Vancouver, B.C., the other day.

"For more than a year I went through all kinds of suffering from indigestion. I had no desire whatever for food, and had to force down what little I did eat. I dared not touch meat, and in fact whatever I ate soured on my stomach, producing gas, which choked me all up and caused the worst kind of palpitation of the heart. At times I became almost deathly sick after meals, and the hurting in my back and sides was just about all I could stand. I had such spells of dizziness I was in danger at any time of falling, and hardly ever ventured to leave home, for fear one of the e attacks would come on me suddenly. My back hurt me so I could hardly bear to stoop over for the awful pains. I had frequent and terrible headaches, and it was the exception for me to get a good night's sleep. I was so nervous that sometimes the noise the children made playing about almost made me scream. Nobody seemed able to do me any good, and I felt tired and worn out and discouraged all the time, for I was simply in a terrible condition.

"But my first bottle of Tanlac made a wonderful change in my feelings, and I kept right on with it, until now I can honestly say, I feel like a different person. Why, I am hungry all the time now, and can eat anything I want and hardly know what it is to suffer from indigestion. Those headaches and backaches and awful spells of dizziness are all gone. The children can make all the fuss they want to now, for I am no longer the least bit nervous. I sleep fine every night and wake up in the morning feeling just splendid. Tanlac has almost made me over, and I can't say too much in praise of it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

TRAINING COLLEGE FOR FIRE CHIEFS

Dominion Chiefs' Association Declares For Such Establishment at Ottawa

St. Thomas, Ont., Aug. 6.—Deputy Commissioner Thomas Heath, of Saskatoon, was Thursday elected president of the Dominion Fire Chiefs' Association. He had been vice-president.

Three Rivers, Que., the home of the retiring president, was selected as the place for the next convention.

Other officers elected: First Vice-President, Chief James Smart, Calgary; Second Vice-President, Chief J. E. Carlisle, Vancouver; Secretary, Chief James Armstrong, Kingston (re-elected); Treasurer, Chief J. A. Keyes, Galt, (re-elected.)

Following favorable reports by a committee appointed to investigate the proposal, the convention voted in favor of the establishment of a fire chiefs' training college at Ottawa. Technical assistance of Government experts will be available there, it is understood.

900-MILE TRIP MADE BY A DOG

Albuquerque, New Mexico, Aug. 6.—Two years ago Roy M. Coe and family moved here from Fort Scott, Kansas, bringing with them the family pet, Bud, a collie dog. Last November Bud disappeared from home and, although Mr. Coe advertised and offered a substantial reward for the dog's return, no trace of him was fonud.

The other day Mr. Coe received a message from his brother-in-law, an employee of the Fort Scott Gas Company, reading: "Bud, somewhat tired, walked into the gas plant and lay down." The dog, apparently, had consumed about eight months making the trip of approximately 900 miles. The trip to Albuquerque was made by train, consequently on his eastward journey Bud had no familiar landmarks to guide him, unless the followed the railroad.

UNEMPLOYMENT EXPECTED.

London, Aug. 6.—Premier Lloyd George stated in the House yesterday that the Government was considering measures in expectation of much unemployment during the coming Winter.

MAY LIFT DUTY ON CANADIAN LUMBER

Serious Shortage of Building Materials Now in New Zealand

Auckland, N.Z., Aug. 6.—(Canadian Press)—Strong petitions have been sent to the New Zealand Government urging the placing of an embargo on the exportation of lumber and the lifting of the duty against Canadian lumber until such time as the serious shortage in building materials may be overcome. There is a marked shortage in building materials in general, especially in lumber and cement.

These conditions have led the Government to place restrictions upon the class of buildings that may be constructed in the Dominion during the next few months at least. It is announced that no permits will be given for the erection of places of amusement, and in the cases of shops, offices, factories and other structures connected with industry, as well as churches and memorial halls, the Government will be guided by the reason set forth in each case by the parties applying for the permit. It is hoped in this way to meet the more urgent demands within a reasonable time.

The Government and local bodies are considering particularly the provision of sufficient homes for the people of New Zealand and suitable accommodations for schooling the children.

CANADA-WEST INDIES AERIAL SERVICE

British Firms Have Formed Syndicate to Promote Civil Aviation

London, Aug. 6.—(Canadian Press)—The linking up of Canada with the West Indies by an aerial service is reported to be the ultimate object of a syndicate which has been formed by a group of British firms for the promotion of civil flying in the Bermudas.

According to the reported plans of the syndicate, the route will be from a point in Nova Scotia to the Bermudas and thence to all the West Indian Islands, to British Honduras and to Demerara.

The company is said to be planning for a series of flying stations at suitable points in the West Indies. Arrangements are almost completed for making a start at Trinidad, the most important British island in the south of the group, and one within easy flying range (360 miles) of Georgetown, the capital of Demerara. Similar plans are being pushed forward with regard to the Bahamas, in the north of the great circle.

It is likely that if the scheme is developed according to the present plans the syndicate will operate a regular passenger and mail service.

SENT TO JAIL.

Geneva, Aug. 5.—Four students charged with tarring and feathering a statue of the former German Kaiser have been sentenced by a Bonn court, according to a Basel dispatch, to terms of two years' imprisonment and ordered to pay the costs of their trials.

AUSTRIAN ELECTION SET FOR OCTOBER

Voters Will Choose Members of New National Assembly Then

Vienna, Aug. 4.—It is now settled that elections for a new National Assembly will be held the first week in October. Unless another crisis should arise, which is most unlikely in view of the present internal situation, the temporary cabinet which recently took office, will continue in power and carry out the non-partisan programme agreed upon at its creation.

The wealth levy and constitutional reform, on which came the deadlock that resulted in the downfall of the Renner Ministry, still occupy the leading place as issues. It was agreed upon that their consideration should continue and an effort be made to reach a compromise that will permit of passage in some form. The Social Democrats and the Christian Socialists supported by the Big German party, are so far apart, however, that an acceptable compromise of a workable character is regarded as unlikely.

Taxation of Wealth.

The Social Democrats are unyielding in their insistence upon a compulsory fortune contribution that shall place the burden of the taxation upon wealth, landed and otherwise, while the conservative parties, united in this, declare that as radical a measure as that proposed shall never become law.

At present all parties are playing for position in the coming campaign and attempting to throw the burden of blame for the failure of the Assembly to enact any of the vital measures before it, upon the other.

The Socialists at first attempted to eliminate themselves entirely from the new Ministry. For ten days they held out, wishing to compel the Christian Socialists and Big Germans to shoulder the Government alone. The political move in this was so obvious that the latter refused the trap and the so-called working Cabinet resulted. In it the Socialists have the portfolio of War, giving them control of the army, while the Christian Socialists have the Ministry of the Interior, which means control of the police.

The state of politics in Austria may be judged by the importance attached to these two forces.

Have Portfolio.

The Big Germans, heretofore unrepresented by a portfolio, consented to enter the temporary Government and hold the Ministry of Justice.

With election so far away it is impossible to predict the result. The general belief is, however, that neither of the dominant parties can secure a working majority. The probabilities are that the Big Germans will make some gains, in view of the insistent agitation for fusion with Germany or Bavaria, and again form a bloc that will hold the balance of power.

TOWN AND COUNTRY CO-OPERATION URGED

Bloomington, Ind., Aug. 5.—Speaking here at the closing session of the rural educational conference on the subject, "What Ails Us," Professor G. I. Christie, of Purdue University, asserted that there were "too many diamonds and not enough alarm clocks; too many serge suits and not enough overalls."

As an inducement to keeping the boys on the farms he advocated closer and more friendly relations between city business men and the farmers, stating that the farmer cannot compete with the business man in the payment of high wages, which has caused an acute shortage of farm help.

BOY DROWNED.

Lindsay, Ont., Aug. 6.—Byron Todd, aged nine, son of William Todd, fell out of a yacht on Cameron Lake and was drowned.

Let Us Face The Facts

THE great majority of families in Canada cannot have the doctor for every ailment or simple injury on account of the expense, or cannot receive his early help because of the distance, even when their means permit.

Something must be always on hand ready to combat these minor ills and accidents in place of the physician, or until he comes.

For nearly three quarters of a century PERRY DAVIS "PAINKILLER" has been a leading household medicine for just these purposes. It is used in nearly every country on the globe by people of every race, requiring the printing of directions in over twenty languages and tongues.

This world wide test of long experience warrants our recommending that you always have with you when travelling, or on hand when at home, a bottle of "Painkiller" ready for use in emergencies and especially for the purposes noted below.

For acute painful stomach and bowel attacks (summer complaint) take a teaspoonful dose of Perry Davis "Painkiller" in a glass of warm water slightly sweetened, following the other fuller directions on the wrapper accompanying each bottle.

For sprains, bruises, insect bites and stings, apply the "Painkiller" freely by hand or with a bandage.

For Chills resulting from exposure to cold or damp, take a teaspoonful dose of "Painkiller" in a glass of warm water or milk, slightly sweetened, just before retiring. This treatment with the other measures given on the directions accompanying each bottle will be found most effective in warding off Colds, Bronchitis, La Grippe and Pneumonia.

For children's Croupy and Bronchial attacks.

If a child at bed time shows evidence of such attacks coming on, wring out a flannel cloth in a cupful of hot water to which a teaspoonful of "Painkiller" has been added, wrap this around the child's throat and place over same another cloth. The warmth and drawing power of the "Painkiller" are remarkably effective in checking the ailment, soothing and inducing sleep, sparing both mother and child a restless night.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, Aug. 6.—5 a. m.—The barometer remains high over this Province and fine, hot weather prevails in Central B. C., while on the Northern Coast heavy rains are reported. Fine, warm weather is also general in the prairies.

Reports.

Victoria—Barometer, 30.15; temperature, maximum yesterday, 72; minimum, 56; wind, 4 miles W.; weather, clear.

Vancouver—Barometer, 30.14; temperature, maximum yesterday, 82; minimum, 56; wind, calm; weather, clear.

Kamloops—Barometer, 30.12; temperature, maximum yesterday, 94; minimum, 58; wind, calm; weather, clear.

Prince Rupert—Barometer, 30.02; temperature, minimum yesterday, 54; wind, 20 miles S. E.; rain, .94; weather, raining.

TO MEET IN TORONTO.

Springfield, Mass., Aug. 6.—Toronto, Ont., was chosen as next year's convention city by the Universal Craftsman Council Engineers of the World, after an effort to obtain the convention had been made by members from New York, Philadelphia and San Francisco. The plan for the organization of a woman's auxiliary was adopted.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back its Color and Lustre with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of mess.

While gray, faded hair is not sinful we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

ITS BROKEN WING.

Conditions in Europe do not establish the futility of a League of Nations. On the contrary they establish the necessity of such an organization as men like Viscount Grey and Lord Robert Cecil have in mind; an organization, however, which will have the genuine, practical support of the Governments subscribing to the principles underlying it. It is quite obvious that the League as at present constituted lacks that support almost along the entire line. It is shackled by the feudal diplomacy which the late war was supposed to put an end to, but which is flourishing in Europe as viciously as ever, with its secret treaties, deals, intrigue, private military conventions and "strategic frontiers." War ministers, still seeing red and not satisfied with the holocaust of the last six years, remain in the saddle. Washington, more concerned in the game of party politics than with world problems and humanity's welfare, has turned its back entirely upon the organization of which its executive chief was one of the leading champions. Is it any wonder the League of Nations has started with a broken wing? Yet the fact that it has started at all, considering the circumstances, is hopeful, and promises that in time the League will become a much more potent factor for the determination of peace than it is now.

GERMANY'S OPPORTUNITY.

During the Congress of Vienna in 1814 and subsequently, France occupied a position of unlovely isolation much the same as Germany occupies now. Then began a row over the spoils among the victors, the principal spoil being Poland. Russia and Prussia found themselves opposed to Great Britain and Austria and a new war was on the verge of breaking out. This gave France the balance of power. Talleyrand, her crafty representative, manipulated his advantage until in a very short time he gained for his country, which a few months before had practically no standing, a dominating position in the councils of Europe. Is warfare between Russia and the Western Allies going to hand to Germany a similar advantage, an advantage which that country naturally would make the most of if it should develop?

BUILD BOTH WAYS.

Our Publicity Commissioner points out that Victoria must be built up from the outside. This is true in many important features, but there is also another aspect. It is quite clear that the energetic campaign with which the Victoria and Island Development Association has conducted its education of the outside world has paid for itself and paid well; but there is much that can and should be accomplished within the limits of this city itself. For instance, it should be our chief object not only to bring people to Victoria for recreation purposes but also to satisfy ourselves that the visitors will not be content with one glimpse of this district. In this lies the connection between inside and outside development. Obviously if the enterprise developed on the outside lacks the support from the inside the work of the Development Association, excellently conducted as it is, must fall short of the desired goal. Nature's handiwork must be augmented on the inside to the point that the result will bear favorable comparison with other places competing for tourist travel. Until Victoria realizes the stern fact that the visitor on holiday bent requires more amusement to-day than ever before, her return from this traffic will not reach the volume to which her many natural advantages entitle her.

POLAND AND THE TREATY

A contemporary remarks that the honor of Great Britain and France is at stake in the Russian-Polish situation, since the Treaty of Versailles, to which they were parties, provides for an independent Poland. It is true the treaty provides for the establishment of a sovereign, independent Poland and specifies the new Polish boundaries. Polish delegates signed the document, which therefore was as binding upon Poland as it was upon Great Britain, France or any of the other signatories. Notwithstanding this, however, she undertook an ambitious military campaign against Russia with the specific purpose of enlarging her boundaries to the limits sought by her at Paris but which the Supreme Council refused to grant, her main objective being the creation of a Polish corridor through the Ukraine to Odessa on the Black Sea, somewhat similar to the corridor to the Baltic at Danzig which the Treaty of Versailles gave her. Mr. Lloyd George has stated in Parliament that Poland was urged by him and others to refrain from starting this offensive. We know Marshal Foch informed her she was doomed to defeat. But it is plain she received powerful encouragement from certain quarters among the Western allies, or she would not have persisted in her suicidal course. The integrity of the Treaty of Versailles was just as important when Poland was preparing to invade Russia as it is now that Russia is invading Poland. If the Allies had sent an ultimatum to Poland when she was about to spurn the treaty she would not have embarked upon an adventure the end of which no man can see.

THE MONTHLY INFLUX.

Statistics issued from Ottawa indicate that Canada's acquisition of new citizens is averaging about eighteen thousand per month. Of this number it is estimated that twelve thousand come from the United Kingdom and six thousand from the United States. By reason of the stricter immigration regulations, which demand a much more careful process of selection than hitherto was the case, about eighteen hundred of the monthly arrivals are rejected.

The preponderance of British subjects arriving in Canada is encouraging. It must be remembered, however, that in nearly every case this type of immigrant is green to Western conditions, and the responsibility devolves upon the immigration authorities to satisfy themselves that the new settler from Britain is prepared to adapt himself to surroundings totally different from those to which he has become accustomed in the Old Land.

It may be supposed, of course, that Canada's immigration representatives in Britain realize the necessity of obtaining the right kind of settlers rather than merely of creating a record in competition with other overseas Dominions whose bid for new citizens is just as keen as Canada's. But on his forthcoming visit to the Old Country it should be the duty of Mr. Calder to satisfy himself the right policy is being followed.

NOTE AND COMMENT

Leo Kameneff has urged the Moscow Government to accept the original British proposal for an armistice with Poland. Should Moscow follow his advice it would be an awful blow to the interventionists.

While one hundred and seventy-five patrons of a New York Turkish bath establishment were deriving the full benefits of their "steaming" in slumber robbers entered the cloak room and relieved the deposited raiment of $10,000 worth of valuables. Deviltry apparently invaded the halls of cleanliness and stole a march on the old adage.

One of the most significant effects of Great Britain's threatened intervention in the Russo-Polish imbroglio is the call to Labor by Arthur Henderson to prevent either the supply of men or material to Poland. Through Britain's post-war industrial strife the Government has had the backing of the moderate elements of Labor; it will be an unhappy day for the tight little isle when she trifles too much with men like Henderson and those of his type who usually act with him in unison.

According to Mr. Lloyd George steps will be taken when the S.S. Baltic arrives on the other side of the Atlantic to make the Government's decision in connection with Archbishop Mannix effective. At present the Australian prelate has been denied entrance into Ireland; the first step to make this part of the official attitude work successfully was the issuance of an order for several of the trans-Atlantic steamships to omit the call at Queenstown. The next port of call is Liverpool where, of course, Dr. Mannix is free to land. Unless very rigid precaution is taken we will wager that the Archbishop reaches Ireland within twenty-four hours of his arrival in the Mersey.

OTHER PAPERS' VIEWS

THE NERVE OF SOME PEOPLE.

(From the Toledo Blade.)

Announcement that the former Crown Prince is eager to emerge from his voluntary exile in Holland and move to the United States no doubt caused a rustle of pleased expectantly among those who cringe in fawning servility at mention of the name Hohenzollern. True Americans and decent citizens of German descent who, thank God, constitute 9999 per cent. of the population of the United States, see red at the suggestion of such a thing Their anger is only equaled by amazement at the monumental gall of the unclean cockatrice whose presence on the Atlantic seaboard would contaminate the air beyond the endurance of Americans as far away as California. The United States is too small for the former Crown Prince and even one clean, honest American. We want neither his presence nor his memory here. The bootlicking worship and snivelling homage which our pro-Prussian malcontents paid the Hohenzollerns during the war was sickening enough. American stomachs could not stand the sight of such abashed adoration at close range.

SUCCESSFUL WESTERN FAIRS

Saskatoon Star

The West has been more successful than the East in maintaining high-class annual fairs. Montreal for years attempted to build up a large fair but the effort was a failure. Ottawa, Toronto and London are the only cities of the East which have succeeded in holding annual exhibitions on a large scale. The reason for the success of the annual exhibitions of Brandon, Regina, Calgary, Edmonton and Saskatoon undoubtedly lies in the co-operative effort which they all put forth. They are not competitors. For all practical purposes they form one huge show, opened in order in the cities named, the directors of each division working during the year for the benefit of all.

The West is steadily forging ahead as a stock and mixed farming country. Its development and fame as the home of the world's best wheat will continue, but the time is not far distant when these Provinces will be as noted for the calibre of their horses and other live stock as for their wheat.

IT DOES

Hamilton Times

Away up in the Northland, somewhere within the Arctic circle, an Esquimo is alleged to have murdered his brother so that he could have his wife for himself, a very selfish sort of a murder. He was arrested by a member of the Northwest Mounted Police, and for some reason not very clear he was brought from near the North Pole to Ottawa to the police headquarters. After being brought here he is to be taken back to the North and there tried for the murder. More than that, a whole court is to be shipped there so that the Esquimo may be there tried with due ceremony. The trip back entails a journey of over four thousand miles. Why the murderer is being given such a sight-seeing trip is not made public. But it looks like a waste of public money.

COAL CREEK MINERS ARE IDLE TO-DAY

Fernie, Aug. 6.—The Coal Creek miners are idle to-day. The men refused to go to work, claiming that two of their late One Big Union members had been discriminated against, by the refusal of the United Mine Workers of America to accept them as members. All Coal Creek miners had signed up with the United Mine Workers but these two.

Advices from Michel state that all miners there have rejoined the United Mine Workers of America and are working to-day.

VANCOUVER ISLAND NEWS

Children's Gardens.

Sidney—On Monday afternoon the final judging of the senior children's gardens was completed, A. MacDonald being the judge, assisted by Mrs. B. Deacon, president of the North Saanich Women's Institute, under whose auspices the competition was held. After careful consideration the prizes were awarded as follows:

First prize—Ruby Lopthien.
Second prize—Robert Anderson.
Third prize—Nancy Sinister.
Best design—Ruby Lopthien.

Board of Trade.

Sidney—The quarterly meeting of the Sidney Board of Trade will take place next Tuesday evening, the members to partake of supper together at 7 o'clock in the Sidney Hotel, the business meeting to follow at 8 p.m.

CENSUS SHOWS SEAL HERD MULTIPLYING

American Government Statistics Indicate Number Tripled in Ten Years

Washington, Aug. 6.—(By Associated Press)—The annual census of the seals, now being taken by the Bureau of Fisheries is expected to show about 600,000 of the animals, or three times as many as when the government undertook the custody of them a half score years ago.

Although the seal spends much of its life at sea, its habits make the census-taking comparatively easy. Hugh M. Smith, commissioner of the Bureau of Fisheries, explains the "count of noses" is of importance to prevent "blind killing" of the animals for their furs, possibly resulting in their extinction.

Under present government control, Mr. Smith asserts that the seals are increasing about ten or 12 per cent. of their number annually. Last year's count showed 550,000 of which 26,000 were killed for their pelts.

In the middle of Bering sea, lying forty miles apart, are two islands—St. George and St. Paul—the only land to which the seals ever resort. Every Spring they visit the islands to raise their young, leaving in the Fall to Winter in the north Pacific, and it is during the Summer that the census is taken.

Killing in Summer.

The killing of the animals is also done in the Summer, this under law being confined to the surplus males. Last year lack of labor resulted in 10,000 fewer animals being killed than government officials had planned. Japan and Great Britain, along with the United States, share the revenue produced from the sealkill, a treaty giving this country seventy per cent. of the animals, with the other two countries each receiving 15 per cent.

"In the old days," says Mr. Smith, "when 100,000 seals were being killed annually the government obtained $10 per skin, while now we are getting $140, which nets us about $120 per skin. Increase in the value of furs and the different method of conducting the business explains this."

Besides the sale of pelts, the government is operating a fertilizer plant carcases, from which there also is exon the islands for disposing of the tracted an oil used for dressing tops of automobiles.

BRITAIN MAY ACCEPT SOVIET'S ANSWER TO NOTE FROM LONDON

(Continued from page 1.)

viki have been hurled back forty-five miles.

Blockade Rumor.

Reports that the British Government had already ordered the fleet to resume the blockade of Russia, which was partially raised last November, received great emphasis in some newspapers, but no official sanction is claimed for the statement and such inquiries as were possible early this morning tended to discount the rumor. It was asserted that notwithstanding the fact that the Cabinet had not yet considered the reply of the Soviet Government relative to an armistice with Poland, it had been determined to send the Kameneff-Krassin trade delegation back to Russia.

The text of the Soviet Government's reply was known to have reached London, but it had not been made public by the Foreign Office.

Willing to Sign.

Willingness to sign an armistice agreement when Polish delegates arrive at Minsk was said to have been expressed and the Soviet Government, it was asserted, had declared its readiness to grant Poland complete independence.

Moscow, however, had insisted upon arranging the terms of peace by direct negotiation between Poland and Russia, but participation therein by the elements led by General Wrangel, and the Russian border states, had been refused. The reply also was said to contain a statement that the terms Russia would present to Poland were already in the hands of M. Kameneff and M. Krassin, heads of the Bolshevik Trade Commission now in London.

Jews.

These terms, according to some reports, included the condition that complete protection should be secured for all Jews and that free passage across Poland should be allowed for goods exchanged between Germany and Russia.

Moderate newspaper opinion reflected the impression that the tone of the reply was reasonable and could not be objectionable in official quarters. It was said the situation would be favorably affected by the communication.

Tanks and Guns.

Warsaw, Aug. 6.—The operations of the Kosciusko aeroplane squadron will be begun in its new field within two or three days. Meanwhile bullet-battered tanks which saw service in the Great War rumbled through the streets of Warsaw to-day on the way to engage the Russians. Their arrival was accompanied by several 75-millimetre guns which the French used against the Germans on the western front. Several artillery detachments with these guns as their weapons left for the nearest front where fighting with the Russians was in progress. These batteries are expected ta begin action Friday.

Kosciusko Aviators.

Warsaw, Aug. 5, 8.35 p.m.—(Associated Press)—Owing to the desperate situation on the front nearest Warsaw, the Kosciusko squadron, the air force composed for the most part of Americans attached to the Polish army, is being transferred from the southern front. The squadron will aid in the defence of the Polish capital.

The American consulate in Warsaw will be closed Friday and Consul Rankin is making preparations to depart Friday night. Most of the records already have been shipped away.

The American Legation here also is prepared to close within a very few days. The Legation employees have shipped their baggage to Camp Grappe, the emergency headquarters of the American typhus expedition.

POLICE WANT MAN WHO FIRED SHOT

(Continued from page 1.)

to town the glass was still in my nose."

The police would now like to have an interview with the man on horseback on this long, lonely road about 7 o'clock last night.

Constable Gidley, of the Provincial force, was in the vicinity at the time. He reported this afternoon that he did not hear a shot fired, but he saw a man hurrying through the woods carrying something. At the time, he says he thought the man was hurrying for a train and did not bother much about him. The police now are also seeking an interview with this mysterious man of the woods.

Police to-day examined the car which belongs to the Victoria Drive Yourself Auto Livery.

Not Barry, Police Say.

From what they have been able to find out about the shooting, the police so far believe that it was only an accident. They do not believe that James Barry, the bandit, who is still at large in the wilds of the island, since the jewelry store hold-up two weeks ago to-day, had anything to do with it.

The police say that motorists need not avoid the Malahat, because if this is another bandit he is certain to keep low like Barry, now that he knows he is being sought.

KILLED BY LOG.

Everett, Wash., Aug. 6.—Lee Elder, aged twenty-one, working at a logging camp near here, was crushed by a log late yesterday that rolled over him as he knelt in front of it trying to untangle the rigging. He leaves a widow and two children.

AMERICAN ATHLETES ARE NOW INDIGNANT

On Board the U. S. S. Princess Matoika, Aug. 6.—(Wireless to Associated Press, via London.)—Discontent among the members of the American Olympic team on board this steamer resulted in the holding to-day of an indigation meeting at which a committee was appointed to confer with the officials regarding future arrangements.

HEAVY TAXATION PRESSES UNDULY ON SAANICH FARMERS

That the farmers of the Island were being gradually forced off the land, owing to excessive and unbearable taxation was the contention upheld last night, when the matter was broached in a discussion of school "frills," at a meeting of the ratepayers of Ward 6, Saanich.

Trustee P. Holloway, of the Saanich School Board spoke on the point. "We are undergoing a period in which there is an ever growing tendency to increase the taxation, it amounts now to an actual menace of the confiscation of property rights, and will lead to the conditions that are now rife in Russia, if not checked. We have got to get together and fight this taxation, and we have got to go slow."

"The trouble is we do not seem to have anyone on the school board who cares about economy," stated Dr. H. A. Francis. "Year by year we are gradually suffering from increased taxation, the taxes have quadrupled in the past few years and we are being gradually pushed off the land."

"It is ridiculous for a man like Chairman Coates, of the school board, to say that we should sell off our land down to ten acres. The trouble with the school board is that some of the members have nothing but a small city lot to pay taxes on, and do not care about taxation."

"Efficiency of the system and economy are the two watchwords that we need to go on, and we have got to go slow," concluded Trustee Holloway.

Bargains In Home-Furnishings At Weiler Bros.' August Sale

Furniture of every description — beds, mattresses, ranges and kitchen hardware — can be purchased while this sale continues at substantially reduced prices. The following values are typical of the bargains now available.

Linens

Sheets, excellent quality hemmed cotton sheets, size 81 x 90; regular at $4.50. Sale price, only **$3.50**

OFFICIAL CLOSING OF SUMMER SCHOOL

Educationalists Congratulate Teachers on Progress Made

After a month of strenuous study, the Summer School last night held its official closing exercises at the High School in which the classes have been held. A distinguished group of educationalists were present and all pupils of the Summer School, as well as other teachers, listened with interest to addresses that they delivered.

S. J. Willis, Superintendent of Education, who presided, congratulated the teachers of the Summer School on their success during the term just ending. He declared that the Summer School system was becoming more and more an important, a vital part of the educational system. The great weakness of any educational system, he pointed out, was lack of training on the part of its teachers, and he felt that Summer schools were assisting most materially in affording teachers training which, in the past, would have been unobtainable without heavy expense. School boards and educational authorities, said Mr. Willis, were rapidly learning the value of Summer School training, so that a teacher's attendance at a Summer School was a qualification which always assisted in securing a satisfactory position on teaching staff. Moreover, school trustees, he remarked, were inclined to place a larger measure of confidence in a teacher who had displayed sufficient ambition and initiative to go to a Summer School than in a teacher who had not troubled to add to his mental equipment.

Health Essential.

On this account Mr. Willis could not urge the teachers too strongly to take Summer School classes. He wanted it distinctly understood, however, that he was not in any way reflecting upon teachers who found it impossible to attend Summer Schools. It was far more important for teachers to maintain their health than to add to their knowledge, as no training could replace physical energy and mental alertness. For many teachers it was best to spend a long, restful vacation in preparation for the coming term.

In conclusion Mr. Willis thanked the Victoria School Board for allowing the use of the High School for the Summer School classes and again congratulated the students on their remarkable success.

President Klinck, of the B. C. University, pointed out to the teachers the rapidly changing conditions under which they were working and the necessity of keeping abreast of the times. World conditions, political conditions in Canada, social conditions in this Province and school conditions close at hand all had undergone a tremendous change in the last three years, he observed. Not the least striking was the change which had taken place in educational conditions of British Columbia. Three years ago, he recalled, educationalists had considered it necessary to wage a campaign to attract students to the schools; now most schools were overflowing. Not only did the educational authorities have to desist from encouraging too strongly the attendance of pupils, but they were even forced, at times, to repel students. There were conditions which no one could forsee three years ago, but they were conditions which the teachers must understand in the practice of their profession.

Dr. Klinck congratulated the students on their success at the Summer School and stated that the Summer School in Vancouver had also proved a very great success.

Dr. Sedgwick, Professor of English at the University of British Columbia, and director of the Vancouver Summer School, referred to the value of Summer Schools in broadening the minds of the teachers—a work the importance of which could not be over-emphasized.

J. W. Gibson, Supervisor of the Summer School, to whom Mr. Willis had referred in glowing terms, expressed himself as highly gratified with the success of the school. He extended hearty greetings from the Victoria school to the one in Vancouver.

Enjoy Dance.

During the evening a delightful programme was rendered by Mrs. Longfield, Mr. Wickett, Mr. Barron and Mr. Dunn. Following the formal proceedings in the auditorium an informal at-home was held, and the evening concluded with an enjoyable dance in the big gymnasium. Music was supplied by Mrs. Roberts at the piano and Master Eric Lloyd-Young with drums and symbals.

During the evening visitors to the school viewed with intense interest a wonderful collection of manual training, applied art and other work done at the Summer School. The collection included examples also of dressmaking, clay modeling, work with colored paper, card board and so on, in which the children of the Province are instructed.

There were present on the platform with Mr. Willis President Klinck, Dr. Sedgwick, director of the Vancouver Summer School; J. W. Gibson, director of the Victoria Summer School; E. B. Paul, principal of Victoria College; Rev. Dr. Campbell and Trustee Mrs. Spofford.

The centennial anniversary of the birth of Jenny Lind is to be celebrated in New York next October with exercises at Castle Garden, now known as the Aquarium, where she made her first appearance in America.

More than 60 yrs. ago an English chemist began to manufacture BEECHAM'S PILLS. Today they have the largest sale of any medicine in the world! Why?

For Women And The Home

Social Personal

Mr. R. H. Pooley, M. P. P., and Mrs. Pooley entertained at a delightful children's party on Thursday afternoon in honor of their little daughter, Daphne. The affair was held in the grounds at the home of Mrs. C. E. Pooley, Lampson Street, the fine old trees and cool-looking lawns with the translucent lily-pond in the background, forming a sylvan setting for the alfresco party. About thirty-six little guests, with their attendant grown-ups, were invited and entered with wholehearted delight into the various games arranged for their entertainment. Shrieks of childish laughter greeted the appearance of George Bartonas, a diminutive Charlie Chaplin, who gambolled and grimaced in true "movie" fashion. Delicious ices and afternoon tea were served at tables under the trees, the decorative motif consisting of multi-colored balloons which floated lazily to and fro in every passing breeze. At the close each little guest received a gift from a fascinating "fish-pond." Among the guests were Lady Barnard, Lady McBride, Mrs. Bryden, Mrs. Macdonald, Mrs. H. Bechtel, Mrs. Lennox, Mrs. Westmoreland, Mrs. R. P. Butchart, Mrs. A. J. Gibson and Miss Barbara Gibson, Miss Phyllis Barton, Master George Barton, Jack Matson, Miss Harcourt, Mrs. E. Todd, Mrs. W. Todd, Mrs. Ross, Mrs. Harold Eberts, Mrs. H. J. Davis, Mrs. J. D. Angus, Mrs. Cuthbert Holmes, Miss Marcia Prior, Mrs. J. H. Gillespie, Mrs. C. E. Pooley, Miss Pooley, Mrs. Lytton Mara, the Misses Tiny, Barbara and Betty Monteith, Mrs. Mitchell and Mrs. Harry Bullen.

☆ ☆ ☆

The home of Mr. and Mrs. R. A. Reid, Kingston Street, James Bay, was the scene of a quiet but pretty wedding on Tuesday when their daughter, Ella Marguerite, became the bride of A. S. Hill, of Many Berries, Alberta, late of the Royal Navy. The ceremony was performed by Rev. Dr. G. W. Butler, who came over from Vancouver. The bride wore a white satin dress trimmed with pearls, and a corsage bouquet of blush roses. Her sister, Miss Jean Reid, was bridesmaid, dressed in maize silk embroidered in blue, and carried a bouquet of roses. The best man was Gordon Reid. The rooms were tastefully decorated with flowers, and after the ceremony the bridal party sat down to a dainty wedding supper. Among the guests were Mr. and Mrs. Wm. Lester, of Edmonton; Miss Dorothy Roberts, Alex. Ross and Sidney Roberts. Mrs. Lester is a sister of the bride. Miss Dorothy Roberts gave some pleasing musical selections. The bride received many beautiful gifts of linen and silver. Mr. and Mrs. Hill left for their future home at Many Berries, via Edmonton, where they will visit Mrs. Frank Brently, another sister of the bride.

A most enjoyable dance was held in the Caledonia Hall on Wednesday evening under the auspices of the Harbor Marine Veterans' Association. The entertainment committee represented by Comrade Haines (chairman) and Messrs. McDuff, Trentham, Obee, Hibbert and Hunter, worked hard to make the dance a success and they were rewarded by a splendid attendance. Messrs. Symes and Craddock officiated as M. C.'s. The committee were ably assisted in the serving of refreshments by several ladies who volunteered for the task. Wallace's orchestra furnished the music. It is the intention of the Association to hold a dance regularly every month.

EUGENIE'S WEALTH GOES TO NEPHEW

Prince Victor Napoleon and Wife in Line For Ex-Empress's Estate

Paris, Aug. 6.—Prince Victor Napoleon and his wife, Clementine, will inherit the vast fortune of ex-Empress Eugenie. For fifty years the last Empress of France has been in exile—but there is still a goodly fortune left for her nephew and niece.

It is reported the Empress' documents, particularly those connected with French history, will be placed in the French national archives. Historians are eagerly awaiting an opportunity to examine them.

The correspondence between the late ex-Empress and the Kaiser was responsible for the revision of President Wilson's views during the peace conference that Germany's claim to Alsace-Lorraine might have a firmer foundation than Premier Clemenceau of France was willing to admit.

Of the ninety-four years of Eugenie's life, she had said that fourty-four were "sparkling years," spent in the successive roles of the young Spanish Countess de Montijo, traveling through Europe, a visitor to the French court, presently the wife of Napoleon III., and occasional regent of the French Empire. Then in a day the whole structure of Imperial eminence collapsed.

The other half of life was mournful, so much so that Eugenie had said: "I wish I had passed when the shadowy fabric of my dream fell apart." That day of disaster was September 4, 1870, when she and all Paris had heard of the defeat and capture of Napoleon at Sedan.

GIRL'S WORLD TOUR ON OWN EARNINGS

Miss J. L. Cossely Batt Reaches England After Adventurous Trip

Victorians who had the privilege of meeting Dr. J. L. Cossley-Batt, a young English girl who passed through this city some months ago from Australia, will be interested to learn that she has reached London after a tour of the world.

The Daily Mail refers to her tour in the following item:

"Miss Cossley-Batt, of 6 Grange Road, Ealing, has returned to England from a remarkable sixteen months' tour of the world.

"With the spirit of adventure belonging to youth and high spirits she started out with about £60 and supported herself during her travels by public speaking. She stayed at the best hotels and came back with £110. She made her tour alone.

"She went first to Australia for a holiday, but when funds ran low she began speaking in public, and was so successful that she received innumerable invitations to speak elsewhere. She is interested in matters of trade, and spoke chiefly about the trade relationship of Great Britain and the Dominions.

"She visited Africa, Australia, New Zealand, Tasmania, the South Sea Islands and the United States and Canada.

"In an interview at her home at Ealing she stated that she rode alone 2,000 miles through the Australian bush, and, owing to the drought, was without water for three days. She also lost her bearings for a time during the ride.

"Miss Batt, who was a Government inspector during the war, is a qualified scientist and has the degrees of B.Sc. and B.A. She spoke publicly in all the countries she visited, including the South Sea Islands.

HEAR MIRACLE MAN

Rev. T. C. Rowe, Spiritual Healer, Draws Many to Cathedral Lecture.

Three hundred persons in Christ Church Cathedral last night heard the Rev. T. C. Rowe, the spiritual healer of Vancouver, who has been performing healing miracles, tell how physical death does not express the will of Providence.

"Man is a unit in mind, body and spirit and was never intended to sin," said the Rev. Mr. Rowe. "Adam and Eve were to transform life, emancipate the whole lower creation and link it with God.

"The body is the means whereby mind and spirit express their functions. Whenever there is a change in spirit that which expresses it is altered also. Greed, care, sensuality, joy—all are written upon the face, the material casing being the outward expression of the spiritual being.

"Whenever there is a union with God in spirit as in the miracles wrought on earth by Christ, corresponding changes occur in the flesh. The body was intended to thrive and grow in God's intention."

Rev. Mr. Rowe told how the child is the reflection of the material and spiritual existence of its parents. By heredity development is transmitted from parent to child. The plan of this is that each span of life may improve upon the other with spiritualization of the body the ultimate aim.

WOMEN'S INSTITUTES CO-OPERATE WITH HOMES BRANCH

Canning Demonstrations For Soldiers' Wives Given by Mrs. B. H. Robinson

As part of its programme for the assistance of the wives of soldiers on the land, the Homes Branch of the Soldier Settlement Board has inaugurated a series of practical demonstrations in canning throughout the Province. On the Mainland Miss Olive Hayes, formerly of the Department of Agriculture, has been in charge of the work, while on Vancouver Island, Mrs. B. H. Robinson, assistant director of the Homes Branch, will be the demonstrator.

At Fulford Harbor.

Mrs. Robinson returned to the city this morning from Salt Spring Island where she has commenced the series of lectures and demonstrations on domestic science. The Homes Branch has made it a practice throughout the Dominion to cooperate where possible with already established institutions, such as the Women's Institutes, Local Councils and where womens' organizations are not available with the agricultural associations, realizing that these organizations are founded with the idea of service to the community. At Fulford Harbor yesterday a very successful demonstration was given under the auspices and with the kind co-operation of the Women's Institute.

"The Institute has only been organized for about three months, but in spite of its youth it is showing a commendable vigor and a really splendid spirit," said Mrs. Robinson this morning. "In the absence of a suitable hall at Fulford, the president of the Institute generously placed her house at my disposal for the demonstration and meeting, and loaned her automobile for the conveyance of settlers from the outlying district."

From Outlying Parts.

Evidence that the wives of settlers are keenly interested in the work being done by the Homes Branch may be deduced from the fact that about thirty were in attendance at the meeting. Some of those present have made a journey of eighteen miles by car, others having come from the neighboring islands by boat to attend the demonstration. Mrs. Robinson, who is fully qualified as a lecturer in domestic science matters, having graduated in these subjects at an eastern college, demonstrated the art of canning peas, beans, chicken, making loganberry and blackberry jam, and cherry olives.

The latter is a delicacy made easily by any housewife, and for the benefit of readers Mrs. Robinson repeated the recipe for publication as follows." Prepare cherries by washing and clipping off a portion of the stem. Pack them in jars and cover them with a solution consisting of one pint of vinegar, one pint of water and two tablespoonfuls of salt. No heating and no cooking is required, and the cherries should be kept in a cool place until required."

Spirit of Service.

Her audience displayed the keenest interest in the demonstration according to Mrs. Robinson, and she was much impressed by the fine spirit shown by the Institute members in their anxiety to extend a welcoming and helping hand to the new settlers. About thirty ex-soldiers and their families have settled in the district and all are optimistic as to the future and confident of making a success of their new ventures.

On Wednesday Mrs. Robinson met a number of the settlers and their wives at the clubhouse at Mayne Island. Messrs. Waugh and Bennett organized the meeting which was well-attended. Arrangements have been made for the holding of a big canning demonstration there in the near future.

On her journey through the Island Mrs. Robinson remarked the splendid crops while the cherry crop is especially bountiful, one man at Mayne having three tons of exceptionally fine large Bings.

Mrs. Robinson's itinerary for the near future includes demonstrations at Nanaimo, through the Women's Council, one at Alberni and one at Courtenay under the auspices of the Agricultural Association.

Mrs. Gordon Back.

Mrs. J. D. Gordon, Supervisor of the Homes Branch for the Province, returned last night from a tour of inspection as far as Vernon in the Okanagan, where she accompanied Mrs. Jean Muldrew, who has now returned to Ottawa. Fruit-picking has now commenced in earnest in the Okanagan, according to Mrs. Gordon. The apple crop this year is light, but the stonefruit, including peaches, apricots, plums and cherries, is excellent.

Thin People Need Phosphate Most in Hot Weather

Apt to Take on Good Healthy Flesh Even on Sweltering Days if Pure Phosphate is Taken with Meals.

Druggists Dispense Bitro-Phosphate Because It Is Real Organic Phosphate.

Thin men and women, nervous and constantly out of sorts, who want nerve force, energy, ambition and power of endurance, are just the people who will find a helpful friend in Bitro-Phosphate which is undoubtedly just what your nerve, blood and bone cells are begging for.

Phosphorous is a very important element of every living cell in your body. Without the necessary supply, keen minds grow dull and often stupid; old-time ambition vanishes and a wretched feeling of exhausted power supplants that once-indomitable spirit so necessary to success in these strenuous times.

Bitro-Phosphate feeds the nerves direct with the phosphorous food elements they crave for.

As evidence of results in cases of thin, exhausted people, clinical tests in St. Catherine's Hospital, New York, showed that two patients gained in weight, one 13 pounds and the other 27, while organic phosphate was administered, and both patients claim they have not felt so well and strong in the past twelve years.

Such tests as these lead Frederick S. Knile, M. D., Editor-in-Chief of Physicians' "Who's Who," an author of medical text books and member of Authors' Committee of America, Health League, Physicians' Legislative League, N. Y., to remark. "If I had my way Bitro-Phosphate should be prescribed by every doctor and used in every hospital."

And Joseph D. Harrigan, former Visiting Specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anaemic or run-down, take a natural, unadulterated substance such as Bitro-Phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."

Bitro-Phosphate (the inexpensive organic phosphate) for those who are anxious to improve their health, is dispensed by all leading druggists in the original package.

OBITUARY RECORD

The remains of the late Mrs. Annie Frances Holmes, wife of Dr. C. Denton Holmes, were laid at rest in Ross Bay Cemetery this morning. The cortege left the B. C. Funeral Chapel at 10.50 proceeding to Christ Church Cathedral, where an impressive service was conducted by Very Rev. the Dean of Columbia. The hymns sung were "Lead Kindly Light" and "Abide With Me." There was a large attendance of sorrowing friends and an unusually large and lovely floral offering. The pallbearers were Dr. A. B. Hudson, J. A. Beedham, S. J. Burford, H. S. Cowper, C. L. Harrison and Major K. B. Spurgin.

The funeral of Henry Dolby Wright took place from the B. C. Funeral Chapel yesterday afternoon at 1.50 o'clock, proceeding to Christ Church Cathedral where service was conducted by Rev. Canon Hinchliffe at 2 o'clock. There was a large attendance and many floral tributes covered the casket. The hymns sung were "Nearer, My God, to Thee," and "Lead Kindly Light." The following, all Comrades of the Great War, officiated as pallbearers: R. McIntyre, R. Roxburgh, W. Day, J. Graham, G. W. Palmer and J. C. McMutrie. Interment was made in Ross Bay Cemetery.

The death occurred on August 4 at the Jubilee Hospital of John Wesley Patriquin, a native of Nova Scotia, and a resident here for the past two years. Mr. Patriquin was sixty-four years of age, and is survived by one son in Seattle, and a daughter, Mrs. Stevens, residing at 948 Pandora Avenue. The funeral will take place to-morrow at 10.30 a. m. from the Thomson Funeral Home. Interment will be in Ross Bay Cemetery.

WOMEN CONTROL ALL MONEY AFFAIRS

But Men Do the Spending in Loo Choo, China

Washington, Aug. 6.—Along busy highways of ocean travel, land links between Japan and Formosa, not far from China's coastwise route, yet visited by only two or three white persons a year—such are the Loo Choo (Luchu or Ryukuyu) Islands.

"Loo Choo is a land full of the indescribable charm and mystery of the Orient, but replete with the pathos of a vanishing race," writes Roy Chapman Andrews to the National Geographic Society.

"But, although it has been forty years since there sounded the death knell of this little hidden kingdom, Loo Choo is not yet Japan. On their entire 900 square miles of land only one white man, an American missionary, is resident.

"When we came to buy lacquer we were greatly surprised to find that bargaining had no place in Loo Choo. Without exception, the first price asked for an article was the one for which it was sold. Never in the Orient had we met with a similar condition.

"It was interesting to find, also, that the women of Loo Choo conduct all business and have charge of everything pertaining to money—with the single slight exception of spending it. The market, where in the morning trading for vegetables and fruit is carried on, resembles a suffrage meeting place, for among the crowded mass of humanity not a man is to be seen.

"The straight backs and erect carriage of the Loo Choo women are due to the custom of carrying everything upon their heads."

STANDSTILL IN BRIDGE PROJECT

No Action by C.P.R., and Real Work Cannot Start September 1

Another standstill in the Johnson Street bridge negotiations has been reached, it was learned at the City Hall to-day. When it will be overcome, and when it will be possible, as a result, to make a start on the construction of the bridge, it is impossible to forecast. The civic authorities, who have done everything in their power to speed up the project, are not a little worried over the situation and are pressing the Canadian Pacific Railway Company, which is delaying the matter, to take definite action immediately.

The present trouble has resulted from the railway company's delay in approving of certain plans of the sub-structure of the bridge as submitted by City Engineer F. M. Preston. These plans were dispatched to the company weeks ago and so far the city has not received even an acknowledgment of their arrival. Yesterday Mayor Porter wired the head office of the company and urged it to take action. So far only a bill covering the cost of the telegram has been received.

Will Delay Start.

As soon as Mr. Preston receives the company's approval of these plans he can call for tenders for the installation of the sub-structure. As the delay has been so great already, however, it will be impossible for the City Council to award the contract for this work until after September 1, when, in accordance with the Johnson Street Bridge Bylaw, work must start. This is certain now, for contractors must be given thirty days in which to prepare tenders for submission. The civic authorities and the Engineer's Department consider this a most regrettable development, as it was hoped to have the contract awarded sufficiently early that the contractor could commence operations in the early part of next month. Under present conditions at the best it probably will be well on in September before the contract is let, as the City Council undoubtedly will debate the matter for some time before taking definite action.

To Keep Provisions.

As a matter of fact, actual work will start in September, but it will not be on the installation of the sub-structure. In order to live up to the provisions of the bylaw the civic authorities will start gangs of men working to fill in certain parts of land and to complete tasks of this kind. Real work on the bridge itself, however, cannot be commenced until the Council awards the contract or allows Mr. Preston to proceed with the work. Preliminary to all this must be the approval of the C. P. R., and advertising for tenders.

"It is most discouraging, this continual delay," Mayor Porter complained when discussing the bridge question to-day. "We have done all we can and I cannot imagine why the C. P. R. does not help to bring the matter to a conclusion. It is not the first time the company has delayed the negotiations, though, of course, it has no object in postponing the construction of the bridge."

CITY BEGINS TO RECEIVE TAXES

Payment of this year's city taxes is proceeding very satisfactorily at present, it was stated at the City Treasurer's office to-day. The general taxes were due July 15 and are payable from now on to November 30. After that date a penalty of eight per cent. will be charged on all land taxes, but not on local improvement taxes.

At the last session of the Provincial Legislature the city secured power to inaugurate a system of tax discounts for prompt payment. This system, however, has not been established, as it was considered impracticable to put it into effect on short notice this year.

The tax payments which are being received at present are chiefly from owners who live outside the city, though some city dwellers have paid up promptly.

DO NOT KNOW WHAT TO DO WITH GUNS

City in Quandary Over Captured German Artillery

Three captured German guns, presented by the Canadian War Trophies Commission, have arrived suddenly and unexpectedly in the city. They find the civic authorities quite unable to decide what to do with them. Meanwhile they have been taken to repose in the city yards at Garbally Road. Two of the pieces which are here are 70-millemetre guns, while the third is a 6-inch gun, which bears the inscription of the famous 16th Battalion, Canadian Scottish. A German howitzer is reported to be on the way.

No decision has been reached regarding the placing of the guns. Probably they will be placed in Beacon Hill Park at a point to be determined. City Parks Superintendent Purdy, however, has warned the Parks Committee that they may constitute a danger to children who inevitably will tamper with them. The ponderous mechanism of the artillery he fears, may seriously injure kiddies who attempt to play with it. It is thought, that, if the guns are placed in the park, they should be so dismantled that their mechanism will not work. Some of the aldermen feel, however, that it would be almost vandalism to change the guns at all. Meanwhile they are lying at Garbally Road, and there they will stay pending a decision.

TRANS-GULF MAIL OF THE FUTURE

Capt. Hoy Looks to See Vancouver Business Letters Answered Here Same Day

Speaking to the New Westminster Kiwanis Club at its last meeting, Capt. E. C. Hoy, D. F. C., referred to the effort now being made to secure a mail contract between Vancouver and Victoria, and showed how mail carried in this way could be used to supersede the telegraph for certain purposes. A letter mailed in the morning would be carried to Victoria in forty minutes, could be delivered to a business house, a reply sent back by the same route and delievered by about 4 o'clock in the afternoon.

Britain's Progress.

Speaking of the progress of commercial aviation in Europe Capt. Hoy said that in England last year the government spent two millions, of which a million and a half went to establish air lines to Australia and South Africa, and $500,000 for aerodromes and certain ground equipment. Seventy per cent. of the cost of flying is in the ground organization. This year Britain will spend $105,000,000 on flying, $4,500,000 of it on commercial aviation. Aid is given partly through mail contracts and the provision of landing grounds. Germany, too, is working in this matter. Most of the war machines not extracted from the Germans by the Allies have been sold and commercial machines are being built.

As Safe as Automobile.

As a result of these activities, the public in Europe are being educated to realize that flying is as safe as driving an automobile or riding in a train. One firm in England has carried 49,000 passengers in six months without an accident. On the London-Paris route, in 103,000 miles of flying, there have been but thirteen accidents, including only two fatalities. Compare that with the fact that in 1917 on the railways of the United States there was one fatality for every 5,000 miles. Constant improvements tend to make flying ever safe. A recent step in the development of a four-engine plane, which practically eliminates the dangers of forced landings through engine trouble, and that is the commonest cause of accidents. The big Vickers machines flying from London to Brussels are so well patronized that it is not uncommon for them to have a number of strap hangers in addition to their full complement of passengers seated.

In Europe commercial flying is on a paying bases; in Canada, "we are feeling our way," said Captain Hoy. The Government has established a number of training stations where avaitors get annual training and keep abreast of the developments.

HURRIED AFFAIR.

Mother (picking up Dickie, who had fallen down stairs)—"How many stairs did you fall down, pet?"

Dickie (sobbing)—"Oh, mummie, I c-c-came down so quickly I h-h-hadn't time to count."—Pearson's Weekly.

VICTORIA SHIPOWNERS GET SECOND PAYMENT

Advance Made on Recommendation of Government Surveyor

Good progress has been made in the construction of the barquentines building at the Cholberg shipyard for the Victoria, B. C., Shipowners, Ltd. The work is being carried out to the entire satisfaction of Harry A. Barnett, the Government surveyor, and on his recommendation the Victoria Shipowners received from the Federal Minister of Finance a second advance of $100,000 last week.

Employed at the yards are some 250 men with a monthly pay roll of $30,000. Further large shipments of materials are expected shortly, and the number of men will then be largely increased.

The square-framing of the first boat at the Cholberg yard was completed last week, and the framing of the second vessel is now well advanced These are known as Hulls No. 4 and 5. A start will be made in erecting frames on Hull No. 6 will be made immediately the framing has been completed on Hull No. 5. The keelsons are now going into Hull No. 4.

Under the terms of the contract with the Government sixty per cent. returned men are being employed at the yards.

When the contract is at its peak fully 600 men will be employed.

EMPRESSES SHORTLY DUE

Japan and Asia Are Now En Route Here From the Far East.

The C. P. O. S. liner Empress of Japan is scheduled to arrive here next Tuesday with 165 first class passengers and 600 Chinese in the steerage. Included in her Oriental cargo is a shipment of about 500 tons of raw silk for Eastern points.

Four hundred of the coolies aboard the Empress liner are routed to Cuba.

The liner Empress of Asia is due to arrive in port August 16. She is bringing in a full list of saloon passengers.

EXCURSION ON WHATCOM.

An excursion of students of the University of Washington, Seattle, will come to Victoria on the S.S. Whatcom on August 14, Mayor Porter was notified to-day.

MINISTER OF MARINE COMING THIS MONTH

Hon. C. C. Ballantyne Expected August 23 Via Prince Rupert

Making his long-heralded tour to the Pacific Coast, Hon. C. C. Ballantyne, Minister of Marine, is expected to arrive at Victoria August 23. The Minister, accompanied by his wife and three sons, will leave Ottawa on August 13, and will travel over the Grand Trunk Pacific Railway to Prince Rupert, where the party is due to arrive August 19. At Prince Rupert Mr. Ballantyne will be met by the Government patrol steamship Stadacona, which will convey the Minister and his family to Victoria. From here Mr. Ballantyne will go to Vancouver and will return East over the Canadian Pacific Railway.

WILL INVESTIGATE SHIPPING MATTERS

Sir G. H. Perley Canadian Member of Imperial Shipping Committee

London, Aug. 6.—(Canadian Press)—Hon. Sir Geo. H. Perley, K.C.M.G., Canadian High Commissioner, has been nominated by the Canadian Government as a member of the Imperial Shipping Committee recently appointed by Mr. Lloyd George. Sir Halford J. Mackinder, M.P., is chairman, and the committee consists of fourteen members.

The terms of reference of the committee are:

(1) To inquire into complaints from persons and bodies interested with regard to ocean freights, facilities and conditions of the inter-Imperial trade, or questions of a similar nature referred to them by any of the nominating authorities, and to report their conclusions to the governments concerned.

(2) To survey the facilities for maritime transport on such routes as appear to them to be necessary for trade within the Empire, and to make recommendations to the proper authority for the co-ordination and improvement of such facilities with regard to the type, size and speed of ships, depth of water in docks and channels, construction of harbor works and similar matters.

WENATCHEE MASTER INSPECTS NEW CRAFT

First of New Admiral Fleet Will Sail For Orient Late in October

Captain G. T. January has been appointed commander of the steamship Wenatchee, first of the five 12,600-ton combination passenger and freight liners which have been allocated to the Admiral Line, and which will be operated between Seattle and the Orient with Victoria as a port of call.

E. G. McMicken, general passenger agent of the Pacific Steamship Company, and Captain January, are now in New York for the purpose of inspecting the Wenatchee and Keystone State, which are nearing completion at the Camden yards of the New York Shipbuilding Company.

Delivery Next Month.

The Wenatchee is to be ready for delivery to the Admiral Line September 15, which means that she will leave New York for the Pacific shortly afterwards. The first sailing to the Orient is scheduled for the latter part of October.

While in the East Mr. McMicken will perfect details in connection with the proposed excursion from New York to Seattle by the Wenatchee.

The Wenatchee and the Keystone State are two of what are generally known as the 535's, representing the length of the ships in feet. The ships are of 12,500 deadweight tons, of the flush deck type, with a beam of 72 feet. They will have a cargo capacity of 11,000 tons deadweight. The ships are fitted with accommodation for 249 first-class passengers, and space will be provided for 300 third-class passengers.

FRENCH STEAMER IS DUE FOR DRYDOCKING

S.S. Mont Etna Will Be Floated Into Esquimalt Basin To-morrow

Yarrows, Ltd., which firm has the overhauling contract in hand, expect to float the French steamship Mont Etna in the Esquimalt graving basin to-morrow. The French craft, owned by the Companie Generale Transports Maritime a Vapeur, of Marseilles, reached Vancouver last week with sugar from Cuba and general freight from Europe. She has now completed the discharge of her cargo, and is due at Esquimalt either to-night or early to-morrow morning.

A. Braid, chief officer of the Mont Etna, is a former shipmate of Captain R. A. Batchelor, British Columbia pilot and ex-president of the Canadian Merchant Service Guild.

The Mont Etna will be out of the Esquimalt contractors' hands by Sunday, after which she will proceed to the Columbia River to load flour for the return voyage to Europe.

Charlotte Resumes.

The C. P. R. steamship Princess Charlotte was floated from the Esquimalt drydock yesterday afternoon and is again in commission. Yarrows, Ltd., fitted new propeller blades while the Charlotte was out of the water.

The Dominion Government lighthouse tender Estevan was launched from the marine railway at Yarrows yesterday, and is now berthed at the company's wharf at Lang Cove, where other work is now being done aboard the craft. The Estevan will be turned over by Yarrows towards the end of next week, when she will start loading supplies for the west coast of Vancouver Island.

LINER TAHITI WILL MAKE EXTRA VOYAGE

R. M. S. Makura Will Not Be Ready to Take Outward Sailing October 13

Owing to the fact that the liner Makura, now undergoing refit and installation of oil-burners at San Francisco, will not be ready to take an October 13 sailing from Vancouver and Victoria for Auckland and Sydney, the Canadian-Australasian Line has been forced to alter its planned schedule.

The liner Tahiti, which is at present relieving the Makura, had been fixed to sail from Vancouver October 8 for Honolulu and Wellington, N. Z., but this arrangement has now been cancelled, and the Tahiti will now take the sailing from Victoria October 13 for Auckland and Sydney.

The Tahiti is now bound here from Australia and New Zealand and is expected to arrive about the middle of the month. Among her passengers will be Sir Ronald Munro-Ferguson, Governor-General of Australia, and Lady Helen Munro-Ferguson.

The Makura is being reconditioned at the plant of the Bethlehem Steel Works, San Francisco.

CONFERENCES NOW ON WITH LONGSHOREMEN

Vancouver, Aug. 6.—Representatives of the longshoremen and the coastwise shipping companies of Vancouver and Victoria met this week to consider the demands of the coastwise section of the I. L. A. for increased wages.

The men gave notice on July 5 that they wished to terminate the existing agreement, in an attempt to obtain higher wages, basing their demands on the increase in the cost of living. This notice was in accordance with the thirty-day clause in the existing agreement, which called for such notice from either party before the agreement could be terminated. They are asking ninety cents straight time and $1.25 overtime, with the usual increase for handling dangerous or unwholesome commodities. The time was taken up with preliminary arguments, and resulted in little progress. The next conference will take place on Tuesday next.

Imperial Press Conference Calls For Cheaper Cable Transmission of News

Ottawa, Aug. 6.—Immediate action by the Empire Press Union looking to the establishment of quicker and cheaper transmission of news throughout the British Empire is called for in a resolution unanimously adopted by the Imperial Press Conference, in session here to-day. The resolution originally proposed by Robert Donald, chairman of the Empire Press Union, was carried over from yesterday, and redrafted to include suggestions from practically every delegation to the Conference. It constitutes the most important item in the agenda.

The resolution urges Governments to use their influence to increase cable facilities and reduce cable rates for news messages. It definitely endorses the principle of a universal cable rate of one penny a word within the British Empire.

Control.

Resolutions opposing the control or influencing of newspapers by any other than newspapermen was carried unanimously after a discussion in which war censorships were severely criticized. Another resolution was adopted opposing the entry of news carriers, telegraph, cable or wireless, into the business of compiling and distribution of news.

Prior to adjournment a discussion of "Empire Partnership" was opened by J. W. Dafoe, of The Manitoba Free Press, who urged national status for nations of the Empire. Sir Gilbert Parker, Sir George Toulmin, of The Lancashire Daily Post, Hon. J. W. Kerwah, Australia, and Sir Harry Brittain also took part in the discussion.

BRIEF LOCALS

Dance at Metchosin.—The G. W. V. A., Langford Branch, will hold a dance at Metchosin to-morrow evening at 8.30 p. m.

☆ ☆ ☆

To Entertain Zionist.—A social evening will be given at the I. O. B. B. Hall, 1230 Government Street, at 8 p. m., by the Zionist district in honor of Charles A. Cowan, of the Canadian Zionist Federation.

☆ ☆ ☆

Grass Fire.—The Fire Department extinguished a small grass fire at the rear of 2206 Sayward Avenue yesterday afternoon. The Summer so far has been an uneventful one for the department.

☆ ☆ ☆

To Hold Inquest To-morrow.—An inquest on the body of Patrick McNeljey, or "Manelley" as he was sometimes called, who was found drowned at Horseshoe Bay yesterday, will be held by Coroner Hart to-morrow at eleven o'clock in the B. C. Funeral Parlors.

☆ ☆ ☆

Dance To-Morrow.—Arrangements have been made to hold a dance at Strathcona Lodge to-morrow night. Prof. Helman's orchestra will be in attendance. The Saturday dances at the Lodge are quite popular and attract many visitors.

☆ ☆ ☆

Comrades' Meeting To-night.—The regular fortnightly meeting of the Comrades of the Great War will be held to-night, commencing at 8 o'clock at the club rooms on Douglas Street. As usual, the executive will be in session at 7.15 o'clock prior to the general meeting. The forthcoming convention will be the main item for discussion.

☆ ☆ ☆

Dance at Cordova Bay.—A very enjoyable dance arranged by F. W. Richards, jr., and assisted by C. A. Goodwin, jr., was held at the Cordova Bay Inn. About twenty couples attended the affair, which was a private one, Mr. N. Griffen, Miss V. Mathews, Mr. Junes and Miss Richards supplying the music for the evening. Refreshments were served at the closing of the dance.

☆ ☆ ☆

Did Not Leave Town.—Walter Fosset, warned by the police to leave town after the arrest of Louis Downey, whose partner he was, was charged with vagrancy in the city police court this morning. Fosset was found by John G. Smith opening doors and poking around the premises at McMorran's garage at an early hour this morning. When arrested by Constable Harper, Fosset had a complete morphine outfit on him, and was obviously under the influence of some drug. He was held over until to-morrow to permit further evidence being brought by the prosecution.

Good for Children

Return of Enemy Debts.—The secretary of the Board of Trade, F. Elworthy, has received notification from the Department of the Secretary of State that all Canadian debtors of enemy property, of rights or interest, are requested to make a return to the Custodian of Canadian Debtors of all sums under the $100 limit previously set. The return must be rendered before September 1 of this year. Prior to this only debts amounting to $100 and over had to be listed with the department, but this latest order provides for the registration of all sums.

☆ ☆ ☆

To Visit Experimental Farm.—The annual basket picnic of the St. Columba and St. Michael Churches, Royal Oak and Strawberry Vale, will be held at the Experimental Farm, Saanichton, on Tuesday at the kind invitation of Professor Stevenson. All friends of the churches are welcome, and are requested to bring baskets for both lunch and tea. The B. C. Electric train leaves the city at 11 a.m., and the motor bus leaves Royal Oak at 10.30 a.m.

"BABE" RUTH BUSY.

Detroit, Mich., Aug. 6.—"Babe" Ruth made his fortieth and forty-first home runs of the season here to-day in the second game of the New York-Detroit American League series. Ruth's forty-first home run came in the sixth when he knocked the ball over the right field wall, scoring two runners ahead of him. His fortieth was made in the third inning.

PROGRAMME FOR PRESS DELEGATES

Imperial Press Conference Men Will Reach Victoria August 27

Details of Visit to Vancouver; Tourists Will See Much

Vancouver, Aug. 6.—Arrangements have been completed by the local committee for the entertainment here and in other parts of the Province of the delegates to the Imperial Conference now in session in Ottawa, who will later visit British Columbia.

After spending several days enjoying the mountain scenery about Banff and Lake Louise, the party will go to Lake Windermere, where elaborate preparations have been made for its stay. Traveling westward to Vernon on Tuesday, August 24, the visitors will be driven about the district adjacent to that centre of the British Columbia apple industry. The Vernon committee has already mapped out a programme which will keep the travelers busy while they are in the Okanagan.

At Vancouver.

Coming direct to Vancouver from Vernon in their two special trains, the delegates will have Wednesday morning free, but at noon they will be the guests of the Canadian Club at a luncheon at the Hotel Vancouver, Lord Burnham, proprietor of The London Daily Telegraph, and G. E. Fairfax, of The Sydney Morning Herald, will be the speakers on that occasion.

Following the luncheon a visit will be made to Capilano Canyon, and to the Capilano timber company's holdings, where British Columbia woodsmen will show the overseas visitors how the big trees are felled and made into timbers.

Dinner will be served at the company's cookhouse, after which F. Crosbie Roles and Percival Marshall will deliver short addresses. The return to North Vancouver will be made on the lumber company's logging train, an experience that is sure to be enjoyed by the delegates. This part of the programme has been arranged by the Vancouver Board of Trade.

In the evening a drive around Stanley Park and Point Grey will complete the day's pleasures.

Thursday morning the company will inspect the plant of the Canadian Fishing Company, where Mr. Hager will show the visitors how the wealth of the sea is handled after being caught.

At Mill.

Next the Hastings Mill will be visited, when the party will be shown through the historic mill by Eric Hamber.

The afternoon will be free and it is expected that many of the visitors will avail themselves of the opportunity to play golf.

At the civic dinner in the evening at the Hotel Vancouver, Sir George Toulmin will be the principal speaker and it is expected that at least two other delegates representing Overseas Dominions also will be heard.

Following this function the B. C. Institute of Journalists will be hosts to the party at a reception, when J. S. McDonald, M. J. Mitchell, from Scotland; J. T. Clayton, from England, and J. P. Collins, from India, will give short addresses.

From Vancouver the conference members will go to Victoria by Friday morning's boat, spending until Sunday in the capital.

Monday morning, August 30, the press men and the ladies will leave for Kamloops over the Canadian National Railway, and thence travel to Jasper Park. One of the features planned at this park will be a Buffalo barbecue, when a roasted animal will be carved for the visitors' pleasure.

Ormonds, Limited, Staff to Picnic—On Saturday, the entire plant of Ormonds, Limited, will be closed as all the employees and members of the management will spend the day at Mr. Ormond's Summer camp.

SEEK SECRET OF HUBBARD COIL

Seattle Boy Inventor Has to Secure Protection Against Prying Men

Seattle, Aug. 6.—Persons anxious to discover the secret of the Hubbard coil which generates electricity from the air have been busy during the last few days trying to force the information out of Alfred M. Hubbard, the Seattle boy inventor.

Mr. Hubbard has been compelled to seek the protection of the Federal Government against these secret-seekers, The Post-Intelligencer announces.

The inventor has had to have a dummy coil made in order to foil these persons.

As a result of Mr. Hubbard's action, M. Bowman, said to be a business man of Tulsa, Okla., and S. C. Arnold, a local man, were interrogated for two hours by United States Attorney Robert C. Saunders, upon young Hubbard's assertion that Bowman had intimated himself to be an agent for the "Federal Bureau of Investigation," and that he desired to ascertain the workings of Hubbard's mystery coil, which was used to propel an eighteen-foot boat on July 30 last.

Evidence Held Insufficient.

Both Bowman and Arnold denied Hubbard's assertion, and District Attorney Saunders stated that insufficient evidence had been produced to warrant detaining them further. He declared that so far as his office was concerned, the incident was closed, and the Hubbard coil remained in its original status. Mr. Saunders said that his interest in the matter rested entirely on whether the Federal statutes regarding the impersonation of a Federal officer had been violated.

According to the story told Mr. Saunders by Hubbard, both Bowman and Arnold called at the Hubbard home on July 31, the day following the boy's remarkable demonstration of the coil in propelling a boat near the Seattle Yacht Club's anchorage to Lake Union. Bowman, according to the impression gained by young Hubbard, represented that he was a Federal officer sent to investigate the coil.

Hubbard, however, would not make the flat charge that Bowman had declared positively that he was a Federal officer, but stated that he had gathered as much from the conversation.

Hubbard, the story runs, demurred at revealing his secret. He gathered then, he says, that he would be arrested if he did not permit the coil to be examined.

Dummy Coil Displayed.

A coil was produced, which was examined, but Hubbard admitted that it was not the real apparatus he had used in his tests, but merely a dummy which he had constructed to deceive possible thieves.

Then he agreed to meet Bowman and Arnold in front of the Savoy Hotel Wednesday noon, ostensibly for the purpose of testing out his coil in an automobile, Bowman agreeing to furnish the machine.

In the meantime, becoming worried over the situation, he communicated his fears to Gilbert Skinner, son of D. E. Skinner, president of the Skinner & Eddy Corporation, shipbuilders. The younger Skinner sought the advice of his father's attorney, L. B. Stedman.

Mr. Stedman immediately took up the matter with District Attorney Saunders, who decided to investigate the report. A department of justice operative was called in, and directed to be on hand in front of the Savoy Hotel at the appointed time.

Hubbard Mistaken, They Say.

Bowman and Arnold were there, as was Hubbard. Not knowing either of them by sight or name, the operative asked all of them to accompany him to Mr Saunders's office.

There, with Attorney Stedman and the younger Skinner present, Bowman and Arnold were questioned, both stoutly denying that they had sought to convey any such impression of which Hubbard spoke. Bowman said that he merely sought to ascertain the practibility of the invention with a view of bidding for an interest in it.

After the interview, young Hubbard returned to Everett, where he has been staying while working on his device.

WEYGAND, OF FRANCE, WILLING TO LEAD FORCES OF POLAND

Paris, Aug. 6.—The correspondent of The Temps at Warsaw telegraphs that General Maxime Weygand, assistant to Marshal Foch, has said he would consent to assume supreme command of the Polish forces and take the responsibilities for their military operations.

General Weygand expressed the opinion to the Polish Government that the military situation is far from hopeless, the correspondent says.

GOLD BULLION REACHES NEW YORK

UNITY OF CANADA BLONDIN'S THEME

Imperial Press Conference Delegates To-day Heard Postmaster-General

Ottawa, Aug. 6.—(Canadian Press)—"To those who fear possible conflict on racial or religious questions, I say to look back over the past fifty years and see how the Fathers of Confederation overcame their differences at a time when the two peoples had been taught patriotically to hate each other, and then also to remember that the atmosphere of hate and evil has passed away and the French-Canadians look on the British Empire as the greatest organized body of nations for the preservation and advancement of liberty and freedom in the world," was how Senator Blondin, Postmaster-General, expressed himself to the Imperial Press Conference at this morning's session.

To-day the hearts of all beat as fast to the notes of "La Marseillaise" as they beat for "God Save the King," he said, and France, which one day had to leave these shores, had come back, no longer to fight bloody battles, but to inspire both races with the fraternal spirit of the past five years.

Safe.

Speaking as a French-Canadian and for his people, he agreed with one of the heroes of South Africa, General Smuts, that the British Empire did not stand for unity of standardization, assimilation, or denationalization, but that even nations which had fought against it, like his own, felt that they and their interests, their language, their religion and all their cultural interests were as safe and secure under the British flag as those of the children of her own household and her own blood.

Senator Blondin implored his hearers to strive to the utmost to wipe away misunderstanding and to rest content that the French-Canadians were heart and soul with them in any work which would bring about an improvement in the present state of affairs.

Warm Friends.

He regretted that the press delegates were not spending more time in Quebec because the people there were amongst their warmest friends and well-wishers.

He concluded: "As you go west you will hear the same voices as those being raised in Quebec pleading for a better understanding in order that the great work of Confederation may become completed."

MINORITY FINDING.

Vancouver, Aug. 6.—The minority report of J. Taylor of Victoria, the member representing the employees in the arbitration board proceedings between the C.P.R. and the waterfront freight handlers some weeks ago arrived in Vancouver yesterday and was made public by officials of the union. Mr. Taylor finds in favor of the wage scale submitted by the men providing for a rate of 80 cents and $1.20 straight time and overtime instead of the present rate of 65 cents and $1 for straight time and overtime.

MISSED ONE GUESS.

"Bobby, your mother tells me you are a very bright boy, and she expects you to be a great man," said Mr. Blossom as he sat in the parlor waiting for Bobby's sister.

"Ma never does 'spect right. She doesn't know what she's talking about. She told dad she 'spected you and my sister would be married 'fore spring, and that was more than a year ago."—Houston Post.

Junior Stickhandlers Are Getting Attention

Local Lads Being Coached For Series With Sidney; Future Supporters of Mann Cup Are Very Keen; Victoria and Sidney Senior Will Play at Sidney To-morrow.

Realizing that the junior stick-handlers must be coached along if this city is to remain an active contender for the amateur lacrosse laurels of the world, officials of the Vancouver Island Lacrosse League are taking particular pains to get the youngsters enthusiastic over the national game. Regular practices of the juniors are being held and several old-time players are teaching them many of the tricks of the game and the proper method of handling their sticks, passing and shooting. A junior league is also to be formed in which the Sidney and Victoria teams will compete. Next season it is hoped that other towns on the Island will organize junior teams.

Last evening the Victoria juniors romped around at the Royal Athletic Park. Many of the boys are from the High School and show a wonderful amount of speed and stick-handling ability. The boys will make a formidable showing against any lads their own age. The league will make it compulsory for all players to be 16 years and under.

First Game.

It is expected that the first game between the Victoria and Sidney juniors will be played one week from to-morrow afternoon at the Royal Athletic Park. Arrangements are now being made to have a double-header lacrosse feature. The Victoria and Sidney seniors are due to play one of their regular games in the Vancouver Island Lacrosse League that afternoon and it is proposed to precede this match with a clash between the juniors. This would provide a very interesting and attractive card.

For a time this season it looked as though lacrosse in Victoria had received its death-blow. When the Mainland teams refused to assist the world's champions in paying part of their traveling expenses the city withdrew from the Pacific Coast Amateur Lacrosse League. Some of the players lost heart, but when it was announced that an Island League had been formed the players began to turn out once again to practices until to-day the city has almost as strong a representative team as it ever had.

Three famous stick-handlers of a couple of years back are now in the Victoria lineup. "Tudie" Sargison and Everett Taylor are the latest to don the uniforms of the local club, while "Cotton" Brynjolfson played his first game since his re-instatement as an amateur last Saturday. Sargison is to play on the home and Taylor will bolster the defence.

Team for To-morrow.

To-morrow afternoon the Victoria seniors are to meet Sidney on the latter's grounds. A tough match is looked for as the farmers have strengthened their lineup considerably since the last battle with the locals.

Victoria will be represented as follows: Goal, Johnson; point, Dakers; cover point, Kroeger; defence, McKay, Taylor, Johnson, R. McInnis; centre, Plump; home, Brynjolfson, A. McInnes, Sargison, Baker, McGregor, Steele, Shandley, Alexander and Mitchell.

They Needn't Worry.

New Westminster, Aug. 6.—The V.A.C. executive will be compelled to show evidence that "Cotton" Brynjolfson is a resident of Vancouver before he will be allowed to compete in Saturday's game at Athletic Park against the Royal amateurs in a Mann cup game.

A statement to this effect was issued yesterday by President C. D. Peele of the local club after reading in a Vancouver paper that the former professional and Victoria player was making the trip especially to assist the winged-V boys against Westminster. The constitution and bylaws of the P.C.A.L.A. specifically state that a player must be resident of the city or district he is playing in to entitle him to compete.

Expect the Cup.

Another announcement that Cory Hess has been signed and would appear in the nets for the V.A.C. in the next game at Queens park does not cause much worry to local lacrosse fans. Hess's reinstatement as an amateur was made by the B.C.A.A.U. under the proviso that Cory would assist an amateur team in coaching only and not as a player. The books of the amateur union will show this, claim the local club who are already beginning to prepare for the big celebration heralding the arrival of the silverware emblematic of the world's amateur lacrosse championship.

LADIES' POLO TEAM JUST BEATEN BY MEN

Close and Thrilling Struggle at Gorge Last Night; Ladies Have Fine Team

The chief water polo practice last evening at the V. I. A. A. headquarters at Curtis Point was the game between the ladies' team who turned out in full strength under the captaincy of Mrs. Harold Martin, and a picked all-star team made up of possibles and probables, of the newly formed Victoria Water Polo Club. The ladies were confronted with a difficult task and, while the men's team won, the ladies are to be congratulated on their magnificent showing against one of the best water polo teams that has ever played the game in Western Canada. The game, which was played under cup competition time, two periods of 7 minutes each, with extra time for fouls, etc., resulted as follows: All-Star men's team, 4 goals; ladies', 1 goal.

The teams were as follows:

Men's team—Goal, J. Wenger; backs, F. Lawrence, Harry Boyd; halves, Angus McKinnon, D. Grubb; forwards, Jamie Cameron, Gordie Young.

Ladies' team — Goal, I. Blyth; backs, Miss Audrey Griffin, Mrs. H. Martin; half, Miss Florrie Gates; forwards, Misses Edna Curry, Muriel Daniels and Phyllis Gates.

Other members of the ladies' team are turning out this evening for a practice. It is expected that the representative team will be chosen to-morrow evening.

The meeting which was to be held last evening of the Victoria water polo team was postponed until Sunday afternoon.

CRICKET TOURNAMENT

The last day for receiving applications from teams wishing to take part in the cricket tournament to be held here during the week commencing August 23 has been extended to Monday next, August 9, and a special meeting is called for that evening at 8.30 at the Douglas Hotel to arrange for the match.

FINE PROGRAMME FOR A. AND N. SPORTS

Twenty-seven Events to Be Run Off at Royal Athletic Park To-morrow

After weeks of planning and patient hard work on the part of an excellent committee under the capable chairmanship of Dave Clark, the Army and Navy Veterans' Amateur Athletic Association will stage to-morrow afternoon at the Royal Athletic Park, what they hope and expect will be one of the most successful field sports days ever held in Victoria.

Entries are still being received for the various events, and the committee has decided that entries will even be received on the field to-morrow. The sports are timed to commence at 1.30 o'clock, and a big crowd is expected.

The Ladies' Auxiliary of the Army and Navy Veterans have undertaken to serve tea and light refreshments during the afternoon. As a matter of fact the ladies have been working just as enthusiastically as the men to make this event a big success.

To Take Movies.

Arrangements have been made to have a series of moving pictures taken of the day's events, and these will be published on the screen in a few days. Several thousand feet of film will be used.

At the smoking concert to be held in the Army and Navy club rooms, in the evening, the Whitney Cup will be presented to the ex-service organization gaining the highest number of points during the day. An added attraction to this concert will be a four-round boxing bout between Dutch Hill and Charlie Martin.

The Programme.

The full programme of events is as follows:

1. Marathon race (five miles)—Start from Dominion Hotel, 1.30 p.m.
2. Boys, 10 years and under—50 yards.
3. Girls, 10 years and under — 50 yards.
4. Boys, 14 years and under — 100 yards.
5. Girls, 14 years and under — 100 yards.
6. Members' children, 12 years and under.
7. 100 yards (Virtue cup).
8. Putting 16-lb. shot.
9. Throwing 16-lb. hammer.
10. Putting 56-lb. weight.
11. 100 yards (members).
12. Ladies' race, 75 yards (Ladies' Auxiliary).
13. 220 yards (Colonist cup).
14. Half-mile relay race (open to soldiers' and sailors' organizations)—teams 4 men—220 yards each.
15. Fat men's race.
16. Ladies' race—75 yards.
17. Tug-of-war (7 men a side).
18. 440 yards.
19. Three-legged race.
20. One mile race.
21. Five-a-side association football (7 minutes each way, corners to count).
22. Running high jump.
23. Running broad jump.

25. Directors' race—100 yards.
26. One mile relay race (4 men to team).
27. Backward and forward race.

LOOKS AS THOUGH COBB IS FINISHED

Detroit baseball critics continue to persistently declare that Tyrus Raymond Cobb will retire from baseball at the end of this season. It is said that Cobb's injured knee will decrease his speed to such an extent that he will voluntarily withdraw from the pastime. Cobb will be thirty-four years of age next December, and he has been a member of the Detroit Tigers since 1904. He was purchased from August Club for $700, and two years later became one of American League's star hitters.

For fifteen consecutive campaigns Cobb has batted better than .300, and two years ago the Detroit club announced that he wasn't for sale at any price. The Georgia Peach will go down in baseball history as the most scientific batsman that ever played in the major league. He has drawn a salary of $20,000 annually since 1914, and is one of the wealthiest players in the profession.

Capitals Beat Beavers in Weird Game of Ball

After Playing Three Tight Games, Players Stage Wild Exhibition; Alexander Does Not Show Much on His First Appearance; Church Put Out of Game.

Victoria, 19; Vancouver, 10.

After playing three very tight games here the Beavers and Capitals broke loose in their first appearance on the Mainland yesterday afternoon and treated the fans to an exhibition which, as far as hitting and run-getting went, resembled a cricket game. In addition the players on both teams found the ball doing mystifying stunts and they booted many chances. Whether the change of climate or the effect of the boat trip affected the nerves of the players is not stated in the meagre telegraphic reports of the game.

Alexander, one of the new Victoria pitchers who recently pitched a no-hit-no-run game in Idaho, certainly got all the hits that were coming to him yesterday. He started the game and in just over eight innings the Beavers cracked him for eighteen hits. Alex became so unsteady in the ninth that Russell James was hustled to the mound and snuffed out the threatened rally by the Brownies.

A Rude Homecoming.

The Beavers had been on the road for two weeks and Bob Brown had everything well arranged for a nice homecoming. But Bill Leard and his crowd do not care for these sort of receptions and broke up the party in a hurry. Johnson was Brown's pitching selection, and he lasted just long enough to know he had been in a game. Mallory, who took up the burden, was badly treated during the remainder of the game.

The Capitals made the Vancouver fans sick in the second inning when they scored eight runs. After being blanked in the third and fourth the Caps opened up again in the fifth, and culminated with a grand rally in the ninth when they batted in six runs.

Leard Out of Game.

Bill Leard was out of the game yesterday. According to a message from Vancouver he was indisposed. Carman played second base, and Cy Neighbors hobbled about in right field.

In the ninth inning Jimmie Church was chased out of the game for crabbing. Umpire Schilling must have given some bad ones to start Church barking. Carman switched to third, and Cunningham went to second.

Dempsey Batting Star.

Dempsey was the batting star of the day. In six trips to the plate he drove out two doubles, two singles and a sacrifice. Zienke also collected three hits in five times up.

The Box Score.

The box score follows:

Vancouver—	AB.	R.	H.	PO.	A.	E.

RUTH'S HOMER DID NOT SAVE YANKEES

Detroit Won Easily From New York; Babe Punched His 39th Round-trip

American League.

Detroit, Aug. 6.—Babe Ruth, of New York, made his thirty-ninth home run of the season in yesterday's game, but Detroit won 7 to 1. It came in the second inning. He was the first man up and knocked Ehmke's initial offering over the screen in right field. Heilmann made a circuit drive in the fourth.

In the eighth Detroit bunched five hits and an error by Pratt, the first for him since July, 1919, gave five runs.

	R.	H.	E.
New York	1	5	3
Detroit	7	14	1

Batteries—Shawkey and Hannah, Ruel; Ehmke and Stanage.

Yankees Series Too Much.

Chicago, Aug. 6.—Chicago yesterday showed effects of the strenuous series just closed with New York and played indifferently against Boston, the visitors winning by bunching hits in the third inning.

	R.	H.	E.
Boston	4	8	0
Chicago	2	8	1

Batteries—Jones and Walters; Cicotte and Schalk.

Shocker Goes Well.

St. Louis, Aug. 6.—Three successive singles in the ninth gave St. Louis one run and a 2 to 1 victory over Washington yesterday. Shocker, besides holding the visitors to five hits, drove in the deciding tally.

	R.	H.	E.
Washington	1	5	0
St. Louis	2	14	2

Batteries — Shaw and Gharrity; Shocker and Severeid.

National League.

New York, Aug. 6.—New York defeated Chicago yesterday, 2 to 1. It was a pitching duel between Barnes and Vaughn. Deal scored for the Cubs in the sixth on his triple and Bancroft's fumble of Daly's grounder. In the Giants' half, with two out, Barnes and Burns singled, both scoring on Bancroft's triple.

The score:	R.	H.	E.
Chicago	1	2	0
New York	2	4	1

Batteries — Vaughn and Daly; Barnes and Snyder.

Pirates Coming Up.

Brooklyn, Aug. 6.—Pittsburgh won a ten-inning battle from Brooklyn yesterday, 8 to 5. The score was tied three times up to the tenth, when the Pirates bunched four hits with a base on balls off Grimes for victory. The score:

	R.	H.	E.
Pittsburg	8	14	0
Brooklyn	5	12	1

Batteries—Carlson, Hamilton and Haeffner; Grimes and Miller, Elliott.

Braves Win Tight One.

Boston, Aug. 6.—Watson held St. Louis to four hits yesterday and Boston defeated St. Louis, 1 to 0. It was Watson's fourth consecutive victory. The only run was scored in the second inning. Holke walked and was forced at second by Boeckel, who stole second and score on Maranville's single.

The score:	R.	H.	E.
St. Louis	0	4	1
Boston	1	5	1

Batteries—Schupp, Goodwin and Clemons; Watson and O'Neill.

Champs Take One.

Philadelphia, Aug. 6.—Luque held Philadelphia to three hits and Cincinnati won, 7 to 0. Only two players reached second base. Duncan's hitting was a feature.

The score:	R.	H.	E.
Cincinnati	7	11	1
Philadelphia	0	3	2

Batteries — Luque and Wingo; Hubbell, Enzmann and Wheat.

Coast League.

At Portland—	R.	H.	E.
Los Angeles	1	2	1
Portland	2	9	1

Batteries — Brown and Bassler; Brooks and Tobin.

At Seattle—	R.	H.	E.
San Francisco	3	12	2
Seattle	4	11	1

Batteries—Love, Jordan and Agnew; Geary, Brenton and Adams.

At Los Angeles—	R.	H.	E.
Sacramento	4	11	3
Vernon	3	12	2

Batteries — Mails and Cady, Schang; Schellenback, Fromme and Devormer. Twelve innings.

At Oakland—	R.	H.	E.
Salt Lake	4	9	1
Oakland	6	13	1

Batteries—Cullop and Byler; R. Arlett and Mitze.

International League.

Reading 8, Syracuse 2.
Toronto 13, Buffalo 7.
Rochester 3, Akron 9.
Jersey City 5, Baltimore 9.

MAJOR McKINNON WON MANY RIFLE PRIZES

Charlottetown, P. E. I., Aug. 6.—In the Provincial Rifle Association matches, which closed yesterday, Major D. A. McKinnon, D.S.O., formerly of the Thirty-sixth Battery, won the Ottawa aggregate, the Dominion of Canada Rifles Association medal, the National Rifle Association medal, the Governor-General's medal for the best aggregate, and the Dawson challenge cup for military aggregate.

SPORTING NEWS

CONGOS AND "VICS." IN SPIRITED MATCH

Feature Game on To-morrow's Cricket Card

By Veritas.

There are three games down for decision to-morrow in the Virtue Cup competition. The Congos meet Victoria at Beacon Hill Park, the Incogs have the Albions as visitors at the University School grounds and the Garrison will entertain the Five C's at Work Point Barracks.

The most important game of these three is undoubtedly that between the Congos and Victoria at Beacon Hill. Both teams have had a fair measure of success this season, and both are still in the running for the season's honors. In the previous game between these teams Victoria won by the narrow margin of 21 runs after a very close fight, and another excellent game is looked for to-morrow, when the Congos hope to reverse the decision.

Incogs should have no difficulty in adding to their quota of points at the expense of the Albions, who are but a shadow of their former selves.

The game at Work Point between the Garrison and Five C's should produce some spirited cricket, and the soldiers will no dobut make a valiant endeavor to stop the victorious career of their opponents. While the Garrison will not admit defeat until the last ball has been bowled, it would be very surprising if the Five C's failed to win this week.

Some of Teams.

The teams are as follows:

Congos—A. J. Collett (captain), R. J. Ferris, G. Wells, W. Tucker, E. R. Lock, S. J. Charman, S. G. Weeks, H. Gardler, G. Leeming, A. H. Adams, W. Erickson; reserve, A. Lea.

Albions—H. A. Ismay, E. D. Freeman, G. H. Walton, F. Jordan, E. W. Ismay, D. M. Grant, D. Hallam, T. Hoggarth, A. Attwell, W. B. Bredin, D. B. Hudson. Players are requested to take the Mount Tolmie car leaving Douglas Street at 1.45 p.m.

Incogs—J. Wenman, B. Wenman, Major Tayler, F. Sparks, H. F. Hewitt, H. Allen, G. Lifton, A. G. Tracey, E. Verrall, C. C. Tunnard and G. H. Kinch.

Five C's—Edwards, Sutton, Wilkinson, Gibson, Pendray, E. Quainton, Sharp, Winsloe, Knapman, Booth, Hincks; reserve, H. G. Rough.

ST. ANDREW'S TENNIS

The executive of the St. Andrew's Tennis Club has arranged a tennis social for to-morrow afternoon at 633 Michigan Street. A series of tournaments is well under way, so that a number of interesting games will be played off. All members of the club and young people interested in the game are invited to attend. Refreshments will be served during the afternoon.

The following games are scheduled, commencing at 2.30 p. m.:

Men's doubles—J. B. Clearihue and Gord; Stacey vs. C. R. McGillivray and H. H. Jones; Ross Oatman and Rod. McLean vs. Hugh Jackson and Jim Ferguson.

Ladies' doubles—Miss Clearihue and Miss Owen vs. Miss Beth Simpson and Miss Barbara Brown; Miss May Simpson and Miss R. Melville vs. Mrs. J. G. Simpson and Miss Jean Burridge.

Men's singles—Wallace Goforth vs. Aubrey Jones; Mr. Trivott vs. J. G. Simpson.

Ladies' singles—Miss Clearihue vs. Miss M. Wood; Miss K. Jaffray vs. Miss B. Brown; Miss Jean Polson vs. Miss R. Melville.

Mixed doubles to be arranged.

ALEXANDRA AND SPIRIT TO RESUME STRUGGLES

Vancouver, Aug. 6.—A revival of the keen racing of the days before the war between the crack racing yachts Alexandra and Spirit will be a feature of August racing in the Royal Vancouver Yacht Club. Spirit, owned and sailed by the Cao Brothers, has been kept in racing trim, and Alexandra, after spending four or five years hauled out on the shore, was this year acquired by a syndicate of returned naval officers, thoroughly overhauled and put in commission again.

ELKS' GALA WILL BE A SPORTING FEATURE

Many Entries Received For Events; Island Diving Championship at Stake

Owing to a slight misunderstanding the fancy diving for the British Columbia championship was advertised as a part of the programme for the Elks' swimming gala at the Gorge to-morrow afternoon. The C. A. S. C. officials informed the club that it could stage this event, but the Vancouver Amateur Swimming Club complained that the diving had previously been allotted to them. On consulting the records it was found that the Vancouver claim was correct. As a result the fancy diving at the Elks' gala will be for the championship of Vancouver Island and not for the Province, as previously announced.

The Elks have presented a handsome cup which will go to the winner of this championship. This cup must be won two years in succession or three years in all to become the property of any persons.

Large numbers of entries have been received by the Elks for the various contests on the programme. This is the first gala of the season and, it is expected that there will be a large crowd at the Gorge to witness the events.

The Programme.

The programme will be as follows:

1. Boys, 16 years and under—50 yards.
2. Girls, 16 years and under—50 yards.
3. 440 yards—B. C. championship.
4. Ladies, club members—50 yards.
5. Novelty event—Open to all bonafide amateurs.
6. Men's open—100 yards.
7. Club handicap—50 yards.
8. Boys, 16 years and under—diving.
9. Ladies' diving.
10. Fancy diving—Island championship, from 10-foot springboard.
11. Greasy pole.
12. Polo match—V. I. A. A. vs. Elks.

CANADIAN GOLF CRACKS WILL PLAY AMERICANS

Montreal, Aug. 6.—At the international golf match between Canada and the United States to be played next month at the Engineers' course, Rosslyn, there will be present the Canadian amateur champion, G. C. Grier; G. H. Turpin, semi-finalist in the recent championship contest, and William McLuckie, former amateur champion, all of Montreal. The team will also include T. Gillespie, Calgary, and J. T. Cuthbert, Winnipeg.

DATES ARRANGED FOR TWO SWIMMING GALAS

Vancouver to Hold One on Aug. 21 and V.A.S.C. Will Hold One on Aug. 28

Satisfactory arrangements have been made between the Vancouver Amateur Swimming Club and the Victoria Amateur Swimming Club for the holding of their galas this month. There was a confusion over the dates. It has now been decided to hold the Victoria gala on August 28, and Vancouver will stage its gathering on August 21.

At both meets events for the championship of British Columbia will be held, and as swimmers from each city wish to compete in them, it was necessary to have the galas held on different dates.

The Vancouver club is glad that the local club has accepted the latter date, as it will given members a chance to train their polo team.

V. I. A. A. Invited.

The V. I. A. A. Swimming Club has been invited to attend the V. A. S. C. clubhouse on Tuesday evening next. A polo game is to be played between the two clubs, and a social time will be spent afterwards.

MAKING READY FOR REGATTA AT LAKE

J.B.A.A. and Shawnigan Lake Oarsmen in Training For Annual Contests

The annual regatta of the Shawnigan Lake Athletic Association will be held at the lake on Saturday, August 21. The J.B.A.A., the local rowing club is joining hands with the up-Island organization and the two clubs will this year stage the regatta.

The events to be competed for under this regatta are of a more varied character than those of the recent N.P.A.A.O. regatta, which was an unqualified success, and, it is expected that the coming regatta will also create a great deal of interest. A long list of events will be published shortly and will include rowing races between senior and junior crews from Shawnigan Lake A.A., and the J.B.A.A., canoe races, dingy races, sailing races, motor boat races and diving, swimming, greasy pole events.

Training Hard.

Word has been received from the Shawnigan Lake boys that they are working out in their lap-streak nightly in training for the races, and, the J.B.A.A. boys are also out every evening, and intend to take no chances on not being in good shape. The names of the crews will be published later.

The J.B.A.A. canoe men are also working out and propose to attend the regatta in force. They are all in good shape after the events at the last regatta, and keen competition exists among them. It is expected that some very good races will be witnessed in these events.

The sailing races usually attract a great deal of attention at this annual regatta, and keen rivalry exists between the owners of the boats at the lake. Handsome trophies are up for competition, and the races always bring forth a large list of entries.

The motor boat races are also well to the fore as regards competition, and for several days before the proud owners can be seen at their respective Summer homes tuning up the engines in an endeavor to have them in perfect running order for the events.

The swimming and diving events usually provide excellent competition, and, the greasy pole, always popular, provides much laughter for the spectators.

Dance at End.

The day is usually wound up by a big dance in the Athletic Hall, and this year will be no exception to the rule. The hall is known all over the Island as having an excellent dancing floor, and many people come long distances by motor to attend.

CRYSTAL POOL WILL HAVE BIG ENTRY OF SWIMMERS IN GALA

The following telegram was received this morning by W. H. Davies from George I. Warren, who is on a visit to Seattle:

"Ladies' and men's polo teams coming on August 14 for P. N. A. gala. Crystal Pool Swimming Club bringing largest contingent of swimmers that has ever represented club away from Seattle. They expect a large crowd of rooters to accompany them and hope to carry home most of prizes."

WITHIN THE ROPES

Colorado Springs, Colo., Aug. 6.—Eddie Huse, claimant to the Pacific Coast welterweight championship, and Mike O'Leary battled to an eight-round draw here last night.

San Francisco, Aug. 6.—Ad Santel and Jimmie Londos signed articles yesterday for a wrestling match here August 17 for what has been hailed as the light heavyweight championship of the world. They are to split a purse of $7,000, the winner to get sixty per cent.

DATES SET FOR PLAY FOR DAVIS TENNIS CUP

Wellington, N.Z., Aug. 6.—Play for the Davis Cup between the American team, as challengers, and the Australasians, present holders, has been fixed to take place at Auckland, December 28, 29 and 31.

PROS POSTPONE GAME.

Vancouver, Aug. 6.—The lacrosse game between Vancouver and New Westminster scheduled for to-morrow in the Royal City, has been postponed to Tuesday evening

NEWS AND NOTES OF THE MINES

Cariboo Situation.

The gold miners in the Cariboo are still hard hit by the stationary price of gold, though appreciating the partial relief from taxation and royalty which the Provincial Government has given them this year, says John Hopp, a veteran placer miner who was in Vancouver Wednesday. With Mr. John Parker, who is also prominent in Cariboo mining circles, he will call at Keremeos on the way home.

Mr. Hopp is well known by reason of the litigation he had with R. T. Ward and associates over the Bullion property at Quesnel Forks. After having been in possession of the property, Mr. Hopp lost out under a Privy Council judgment, and has since been devoting his attention to his claims on Mosquito creek and elsewhere, which he operates by hydraulic methods.

"The water has been late this year and worse still is having a very rapid run-off, which will probably limit our season to ninety days," said Mr. Hopp, who usually gets his plant operating by May 12. This year it could not begin till June 1. He gets gold from the creek claims and a little platinum.

"We miners only wish that gold would be left free to have its price fixed by the law of supply and demand. The arbitrary price of $20.27 an ounce for fine gold hits us very hard. Only the best conducted plants can afford to operate and many placer men are just holding on and not operating," he said.

With camp supplies, fuel, and wages doubled in cost, he says the gold mining companies are hard hit at having to market their product at the arbitrary price fixed when commodities sold at less than half their present prices.

Premier Mine

Word received from Stewart is to the effect that a rich ore strike has been made in Number 2 tunnel at the Premier mine. This is the culmination that has been eagerly looked for, as on the finding of good ore at that depth depended to some extent the resources of this rich mine.

The finding of the ore in the tunnel gives the Premier a proved depth of 600 feet in rich ore body and insures the continuing of operations indefinitely.

R. K. Neill, part owner of the Premier mine states that the Premier Company will instal at great cost, a cyanide process plant with a capacity of one hundred tons a day to refine the gold and silver ore taken from the Premier mine into gold and silver bars at the mine. This will save the cost of shipping the ore to the Tacoma Smelter.

The installation of a new plant will mean that there will be a large force of men employed at Premier, the settlement which is springing up around the mine.

Drilling in Stewart District.

Diamond drilling is now becoming active in the Stewart district. The first drill on the Bear River side has arrived and will soon be in operation by Lynch Bros. The work will be done on the Fitzgerald Group on Goose Creek for the Algunican Development Company. The heavy machine will be taken up the valley by railroad and then over the trail to the property.

Recently work commenced on the Unicorn mine on the Salmon River, with J. R. McDonald, who has the property under bond, present at the scene of operations. As much work as possible will be done before the Fall in order to estimate the extent of the ore.

Charleston Mine.

After being closed down for a number of years, the Charleston mine, on Whitewater creek, in the Slocan, has been reopened, by the Winnipeg syndicate owning it, and will be systematically developed and mined. G. R. Crows and A. C. Martin, the big grain men, are two of the principals of the syndicate, which also included John Mitchell and James Mitchell, the former having been superintendent of the property in its active period. By means of a bond, the syndicate has associated with the Charleston the adjoining ground that contains the continuation of the Charleston lead, which there, as well as elsewhere, shows some good ore in addition to a fine grade of milling ore.

"PUSSYFOOT" REUNION ON NEBRASKA FARM

Freemont, Neb., Aug. 6.—William E. (Pussyfoot) Johnson, international prohibition worker, was in Fremont yesterday for a reunion of the Johnson family on the homestead east of here. The place has been named "Pussyfoot" and thirty-eight descendants of Albert and William Johnson, from New York, Connecticut, Wisconsin, Ohio, Montana and Nebraska were there.

Mr. Johnson said he would return to England next month, and from there he would go to India to assist in organizing the dry workers.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

The Family Smoke

"OLD CHUM" is a family friend. Grandfathers, Fathers and Sons have been smoking it for years and years.

During this half century, "OLD CHUM" has grown steadily in popularity and favour.

Every pipe smoker appreciates "OLD CHUM" quality—the choice Virginia Flake Cut tobacco—chosen by experts—stored away until the perfect tobacco taste and mellow flavour are fully developed.

It is this dependable, constant quality, maintained for years, which has made "OLD CHUM" the chum of all pipe smokers in Canada.

OLD CHUM

Canada's favorite Pipe Tobacco.

PERFUMED PETROL.

Will motor-cars in the future perfume our streets with the scent of attar of roses instead of the evil-smelling mixture which offends our nostrils as they pass?

The question is suggested by the statement that a quarter of a million gallons of motor-spirit can be produced in the Hyderabad, State of India by distilling the flowers of the mowra tree.

Mowra flowers are very rich in sugar, and a ton of the dried flower produces as much as ninety gallons of ninety-five per cent. pure spirit. They have long been in use for the preparation of a native alcoholic liquor; but only a small proportion of the trees available is needed for this purpose.—Tit-Bits.

'Phone Your Classified Ads

For the convenience of classified advertisers The Times has inaugurated a new system in this department. In future, all transient classified advertisements will be absolutely on a cash-in-advance basis, but all those advertisers who cannot conveniently come to The Times office may phone in their ads, and The Times Want Ad Boy will immediately call for the money. This will avoid book-keeping charges, and at the same time place every advertiser within easy reach of The Times office.

Established 1908.

"Advertising is to business as steam is to machinery."

Some people say "I'll advertise when business picks up." That's just about as logical as the farmer waiting till harvest to sow his seeds. The time to advertise is all the time. The small store and the big store will act wisely by making daily use of the classified page, alone or in addition to any other legitimate method of advertising.

200 ACRES OF THE SAYWARD FARM NOW ON THE MARKET IN LOTS OF 2½ ACRES AND UP.

A BEAUTIFUL SUBURBAN SUBDIVISION.

TO THE MAN looking for a small piece of acreage for raising small fruits or going in for chickens and to the man seeking a suburban homesite commanding a beautiful view and only eight miles from the city, this property will appeal.

THE ADVANTAGES of living in the country (handy to the city) over those enjoyed in the city are tenfold, and with the present demand for such property being as great we expect to have this acreage sold out quickly.

TO THE MAN OF LIMITED MEANS the only road to independence is by owning and cultivating acreage. Small pieces of acreage devoted to the growing of raspberries, loganberries, strawberries, etc., or a few dozen chickens, guarantee a permanent income without the worry and ups and downs of city life.

THE SALARIED MAN, the man depending upon a monthly or weekly wage for his existence, is the very man who should get possession of acreage right now. True, it will take him longer to make his land revenue producing than the fellow who goes right in and gives all time to it, but a start has to be made somehow at some time, and in this subdivision we present him with the opportunity he most seeks, i. e., to become independent.

TO THE PURELY HOMESITE SEEKER this property will also appeal in every way. With its commanding view of the Straits, its outlook on the Islands and Elk Lake, its proximity to the city by a good road (part faces on the East Saanich paved road), and other desirable features, the location is ideal.

PRICES AND TERMS — Prices range from $125 per acre, with terms of only one-fourth cash.

IT IS PROPOSED to leave a right-of-way through the property by which water can be brought from Elk Lake for the use of residents.

THE PURCHASE of any of this property can well be looked upon as a safe and sound investment apart from any other consideration.

BLUEPRINTS may be seen and further particulars obtained by calling or phoning to this office.

Increased Car Fares

will promptly add to the value of all close in residential property. For consider: Four car fares daily at 7 cents will amount to $84 per person per year of 300 working days.

Now $84 is the interest on $1,200 at 7 per cent., and $1,200 is almost the price of a decent home on the half-mile circle that will jump sharply in value within the next two years.

We offer one at $1,600 and another at $1,700.

Heisterman, Forman & Company

A Super-Bungalow Special

COMPRISING 6 rooms, absolutely one of the most attractive and well-built homes in the city, construction and finish solid and first-class. Entrance hall with access to rear; reception room with beautiful open fireplace, built-in bookcases, etc.; dining room with specially selected panel work, beamed ceilings, massive buffet; den; 2 bedrooms with bathroom finished in white enamel; kitchen, all built-in effects and in white enamel; large porch and veranda; full cement basement, furnace and tubs. Price $9,750, on terms. To see this place is to want it at once.

OAK BAY.

INSTRUCTED by owner in East, we offer two lots, 96x117, close to Oak Bay Hotel, sea and cars; $700 buys the two.

FERNWOOD.

$4,700—BEFORE BUYING elsewhere make an appointment to see this semi-bungalow of 7 rooms, on which owner has made a reduction of $800. It's absolutely a sacrifice, as he must liquidate his holdings. Panelled entrance hall with stairway leading to two large bedrooms with closets, bath and separate toilet; downstairs contains drawing room with open fireplace, beamed; dining room with panelled walls and beamed ceiling; a beautiful built-in buffet; roomy pantry to kitchen, with washroom off, stationary tubs and toilet; a full cement basement and first-class heating plant. Satisfactory terms can be arranged.

ACREAGE.

JUST UNDER 10 ACRES, cleared and partly tile drained; soil chocolate and sandy loam, with clay sub-soil, very productive; situated on main highway and within 100 yards of B. C. Electric station, close to beach and with unobstructed view of Gulf and Islands. There is a good five-roomed cottage with bath and toilet, water laid on, together with barn and chicken houses; also good domestic orchard just coming into bearing and plenty of small fruits. The place is now being run as a dairy farm. We concede that this is one of the most desirable pieces of property offered for sale to-day at the price of $7,500. Cannot be duplicated elsewhere under $10,000. Terms arranged.

4244—MOSS STREET, near Fairfield Terrace. This is one of the best constructed 7-room homes in the city, hardwood floors, all manner of built-in effects, beautifully planned rooms; large, bright, airy bedrooms; back stairs entrance to upstairs; full cement basement, furnace, stationary tubs; large lot with a high elevation overlooking lower Fairfield. This is not an old home, and the low price of $7,800. Out-of-town owner is very anxious to sell.

4269—CLOSE TO STADACONA Park and on a high elevation. We offer a modern, beautiful, 8-year-old and most substantially built 7-room home, completely furnished, including Gerhard Heintzman piano; large gas range installed; several Axminster, Persian and Brussels rugs. Everything to hand to start housekeeping at once. Total price, $6,500. The semi-bungalow has just recently been stained a dark brown, oil color; 4 large, bright, commodious rooms; exceptionally well designed pantry; the breakfast room is ideal. This forms the downstairs. There is also a backstairs entrance to the bedrooms, which are large, bright and attractive; large clothes presses and linen presses; separate bath and toilet; lot 47x130, is in lawn, stone fence in front. Property is within easy walking distance of the High School and other schools, also to many of the churches. If you are seeking a home it will pay you to inspect this before buying.

SWINERTON AND MUSGRAVE

649 Fort Street. Phone 491.

Look at this one: A five-roomed, fully modern semi-bungalow in one of the city's best localities, about 10 minutes' walk to City Hall. We have been authorized to sacrifice this little home at an extremely low figure. House consists of double entrance hall, burlap and panelled walls; a really beautiful parlor with large bay windows and open fireplace; archway to good sized living room, panelled in burlap, also with large open red brick fireplace; pass pantry, fully equipped with bins, cupboards, etc.; nice little kitchen; 2 good sized bedrooms and bathroom upstairs; house has full sized basement, half cemented, and good furnace; lot 51x117, with garage at the rear. This is really a most convenient little house and is in good condition. At the price asked it cannot be beaten. While it lasts,

ONLY $3,000, ON TERMS.

A charming little home in the country with the city conveniences; a 4-roomed bungalow, consisting of entrance hall, cozy little den with open brick fireplace; good sized dining room; convenient little kitchen with flour bins, cupboards, etc.; commodious pantry built as a cooler; large bedroom with clothes press; half basement; water laid on and electric lights throughout; all rooms plastered and in good condition; the inside has been newly painted and the place is in A1 condition as it stands. Large chicken house and woodshed. Lot is 58x140, all under cultivation. This is a charming little place, within 15 minutes of the city, and we consider it one of the best bargains we have ever had the privilege of offering.

ONLY $1,300, ON TERMS.

ROYAL VICTORIA

The first great pleasure of writing a novel is the creation of the characters and the imagining of the situation they have to face. And to-day some of us add to that the pleasure of watching the characters come to life on the screen. "I have been particularly fortunate," says Rex Beach, "in this respect in my latest picture play, 'The Silver Horde,'" which will be the attraction at the Royal Victoria Theatre again to-night.

Young writers of scenarios may be interested in the history of "The Silver Horde" continuity. The word continuity is a studio term for the scenario as prepared for the director. It gives the story in terms of scenes or shots. A picture is "shot," according to the jargon of the studio; and the actor does not have his picture taken, he "feeds the camera." "In New York," says Rex Beach, "we prepared the continuity for 'The Silver Horde' with the greatest care. It was rewritten three times. With the third version I travelled across the continent to the Goldwyn studios in Culver City, Cal., and there met Frank Lloyd, the director of the picture. He has the reputation of crowding more action into a reel than most directors. After one reading of the continuity, he announced that the story needed fifty more scenes. So we two sat down and dictated continuity number four.

"To the author with a moving, living story, which is capable of visualization, the screen offers a tremendous medium and the greatest audience the world has ever seen. Isn't it ten million a day in the United States alone?

"Our pleasures and sorrows do not end with the production of the novel in motion pictures. We authors have still the critics to hear from. It is a good thing for the photodrama that such criticism is becoming more intelligent. Newspapers are paying more and more attention to the movies as the art registers improvement.

"It is well for us to remind the critic and the public that pictures must be accepted with their natural limitations. The art of photoplay production is still young. And our new organization is becoming more modest. We do not expect to revolutionize the industry. Some of our pictures will be just good and worthy. They will all be of a high quality. That is the main point."

DOMINION

When Wallace Reid, the screen star, was yet a little lad, as the poets say, his parents decided that he had in him the soul of a musical genius. So they turned him over to a teacher of pianoforte and had the professor do his worst with the boy. After three lessons it was discovered that young Wallace was practicing ten minutes, shoving the clock ahead fifty, then reporting to his mother that his daily attack on the ivories was o'er and departing for the baseball field. One day Father Reid stayed home from toil. He discovered Wallie's subterfuge and the music lessons were abruptly terminated.

To-day Wallace Reid can't play music the way it is written. But he can certainly jazz it off by ear, as anybody in the Lasky studio who has ever heard him operating on his saxophone can testify. Wallie Reid is the champion saxophonist of the West Coast. He has a jazz band all his own, which has played at several affairs in Los Angeles and vicinity. The band appears in the newest Reid comedy, "The Dancin' Fool," which is on view at the Dominion Theatre this week.

He proves it in this new picture, which casts him as a rube who comes to New York to make his fortune in the jug business and startles Broadway as a cabaret dancer. Bebe Daniels is the leading woman and Wallie's dancing partner. The story was originally a magazine serial.

VARIETY

The remarkable alertness of the big motion picture producers in procuring materials for the screen is illustrated by "The Dark Mirror," which stars Dorothy Dalton, and will be shown at the Variety Theatre again to-day. The story is by Louis Joseph Vance. No sooner had its opening chapters appeared in a popular magazine as a serial than the Famous Players-Lasky Corporation recognized its unusual and dramatic qualities and started negotiating for it. The result was that the picture was completed before the concluding chapters of the story appeared in the magazine. Miss Dalton has two contrasted roles—the rich society debutante and the belle of the Chinatown underworld, whom she greatly resembles. By a freak of fate, the daughter of the rich is mistaken for the girl of the slums and involved in a wild series of adventures. Huntley Gordon is the leading man. The picture was produced by Thomas H. Ince for Paramount Artcraft release.

COLUMBIA

The unselfish relinquishment of the greatest hope a man has, simply because he will not let his own love spoil the romance of his dearest friend, gives a tremendous heart appeal to "Overland Red," the Universal production starring Harry Carey, which is at the Columbia Theatre. The picture is replete with the thrill, the excitement and the beauty of desert life in Western America. There is the same spectacular horsemanship, the lightning gun-play, and the droll humor that has characterized Harry Carey's former pictures. Overland Red, played by the star himself, and Collie, a boy he had befriended, discover the location of a valuable mine. They are only tramps. A dishonest sheriff tries to get the information from them. A girl comes into their lives, a girl with whom Collie falls in love. Red does, too, but he never lets on, for he would not mar the happiness of his friend and the girl. There is a stirring climax to the picture when Red avenges the dastardly act of the sheriff, who has shot Collie in the back. The subtlety with which Red's final sacrifice is brought out gives a tender conclusion to the picture.

ROMANO

So distinguished has been the success which William De Mille, the famous playwright, screen writer and director, has had in the handling of photoplays that he is shortly to make a series of Paramount Artcraft productions under his own name. In the meantime he has directed the last two Robert Warwick features. The second of these is "Jack Straw," which will be shown at the Romano Theatre again to-day. It is an adaptation by Olga Printzlau, of W. Somerset Maugham's well known stage comedy. Mr. De Mille entered the motion pictures while the industry was in its infancy, but even before that time he had acquired a reputation as a writer for the stage, being the author of such plays as "Stronghearth," "The Warrens of Virginia," "Classmates," and "The Woman." He has also furnished several meritorious original stories for the screen. The latest of these is "Why Change Your Wife?" which has been produced as a picture by his brother, Cecil B. De Mille.

PANTAGES

There seldom, if ever, has been an act in vaudeville which has the dramatic elements of "Submarine F-7" which is headlining this week's bill at the Pantages. It is the sort of sketch that grips the audience from the first moment and holds interest until the final curtain. An exact representation of a submarine, correct in every detail, is a feature of the act.

Comedy aplenty is supplied by James Leonard and Richard Anderson in the satire, "When Caesar Sees Her." It is a travesty on Bernard Shaw's "Caesar and Cleopatra," and is crammed full of laughs from start to finish. A handsome young lady assists in the act.

Carl McCullough, the musical comedy favorite, has a melodious voice and sings a tuneful group of songs. The final chapter of "The Adventures of Ruth" is another interesting feature of the current Pantages programme. It is a suitable conclusion to a serial picture that has created much interest during the last fifteen weeks.

PRINCESS

"The Thief," now playing at the Princess Theatre is a drama of depth and power which cannot help but appeal to those who witness it. The gowns worn by Miss Page are decidedly beautiful, all having been especially designed for the play, the butterfly negligee worn in the second act being particularly odd and attractive. The beautiful scenic production of "The Thief" is another feature of this week's offering. The play chosen to follow "The Thief" is a comedy, one well known and deservedly popular, having entranced thousands in its few years of existence. As a play "Fair and Warmer" is well known to many at least by reputation, and when seen the only regret will be that it was not seen sooner. All will get the laugh of their life when they see "Fair and Warmer." "The Thief" will continue the balance of the week with a Saturday matinee. "Fair and Warmer" will open on Wednesday next.

SHOULD HUSBAND FORGIVE IS THEME

Miriam Cooper, well known screen ingenue and leading woman, who will be seen as Ruth Fulton in "Should a Husband Forgive" the big William Fox special, on Monday at the Royal Victoria Theatre, has in this picture the most important role of her career—which includes such productions as "Evangeline," "The Honor System," "The Silent Lie," "The Innocent Sinner," "Betrayed" and "The Birth of a Nation."

Miss Cooper is at her best as Ruth Fulton, the girl who is the central figure of this melodrama which answers the question that has always worried mankind—for this role is one which makes intense emotional demands upon the artiste.

Miss Cooper is a Southern girl, a native of Baltimore. The call of the screen interrupted her studies at the New York Art School, but the public is the gainer thereby, for she is one of the most versatile of the younger actresses in motion pictures.

Miss Cooper can play, and has played, roles varying from a girl of the streets to the gentle Evangeline. Her Madonna-like face and her large, lustrous eyes furnish a beautiful vehicle for her great histrionic ability.

ROME LIKES MOVIES

Newly Rich Learn How to Dress By Watching Films.

Rome, Aug. 6.—Rome's enthusiasm for moving pictures is enormous. Milan, which is a much more densely populated city, patronizes the "movies" much less than Rome.

The great increase in Rome dates from the second half of 1919, when the "sharks," as they call the war profiteers here, first came to the front. A newspaper writer lately accused them of going to the picture theatres with their wives and families in order to learn how people in what they imagine to be smart society dress and move and act.

HAROLD LLOYD COMEDY TO COME TO DOMINION

No less an authority than H. M. Walker, the chap who writes those funny sub-titles for the Harold Lloyd and "Snub" Pollard comedies produced by Hal E. Roach for Pathe, says that to get to the place where the action of Harold Lloyd's new two-reel comedy, "Haunted Spooks," is laid, you go down the Mississippi River several miles and turn to the right.

There you will find the ancestral home that a Southern colonel could not take with him when he died for the first time, so he willed it to his grand-daughter — with provisions—and thereby hangs a plot!

The grand-daughter is sweet sixteen and has never—well, only once or twice! The Boy, who becomes her husband in order to fulfill one of the provisions, outside of wanting to get married, had no faults! The time of the story is too late for snowballs and too early for June roses.

The Dominion Theatre has taken out additional insurance to cover the run of "Haunted Spooks," fearing the laughter caused by this comedy will raise the roof. The weather man has promised "clear and warmer," so you can leave your umbrella at home. The spirits of laughter pervading "Haunted Spooks" will be at the Dominion all next week.

Alice Joyce will begin work next week on a new Vitagraph special production. Since completing "The Vice of Fools" some weeks ago the Vitagraph star has been taking a well needed rest.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

a few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

ECZEMA IN RASH CUTICURA HEALS

Very Itchy and Burned. Troubled Six Weeks.

"Our daughter's face came out in a rash that we were told was eczema. Her cheeks got sore and she rubbed causing loss of sleep. The breaking out was very itchy and burned so that I had to tie gloves on her hands to keep her from scratching.

"This trouble lasted about six weeks before I used Cuticura. I used one large box of Cuticura Ointment with two cakes of Cuticura Soap when she was healed." (Signed) Mrs. H. Stares, Blenheim Rd., Galt, Ont.

Cuticura Soap, Ointment and Talcum are ideal for daily toilet uses.

TOMATO PRICES HAVE BIG BREAK; CUCUMBERS DOWN

Prices in Some Case Almost Halved; Manitoba Eggs Here

MORE PEACHES COMING FOR PRESERVING

Tomatoes and cucumbers of all grades suffered a big drop in price in the local wholesale market to-day.

No. 1 tomatoes are down $1.50 a crate to $4.50, No. 2's are down to $4. Special cucumbers are down from $1.25 to 90 cents a dozen and No. 2 cucumbers from 75 to 40 cents.

Manitoba fresh eggs have made their debut on the market. They are wholesaling at 62 cents a dozen. Local fresh eggs are still 65 cents.

Another carload of fancy California Freestone Elberta preserving peaches, heavy pack, will arrive in Victoria to-morrow. They will be distributed to retailers by the first of the week. The quality of these peaches is now at its best and the demand is said to be keen. The Elbertas are now wholesaling at $2.15 a box, instead of $3.25 a box for California peaches at the first of the week.

It is expected that the banana situation here will be considerably relieved by the arrival late to-day of a carload of bananas.

To-day's local wholesale prices are:

Ten years without a corn

Countless people boast that record now.

Years ago they started using Blue-jay. Never since has a corn pained twice. And never has a corn stayed a week.

You can quickly prove that corns are needless. Millions have already done it.

Think what it means.

No more paring, no more pain, no more unsightly pads. Dainty shoes without unhappy hours.

Apply a touch of liquid Blue-jay or a Blue-jay plaster.

The corn pain will end. And soon the whole corn will loosen and come out.

The action is gentle but sure. Blue-jay is the scientific method, created by this world-famed laboratory.

It is not like the methods which are harsh and crude.

Try Blue-jay on one corn. Buy it to-night from your druggist. Live the rest of your life without corns.

LITTLE CHANGE IN LOCAL RETAIL PRICES

Vegetables Are Cheap to Consumers; Few Variations in Other Commodities

Vegetables show proof of the advent of large quantities of fresh produce, the tendency in the retail trade being to sell at prices which give little profit to the primary producer. Later it looks as if that loss will have to be made up to the producer by higher it looks as if that loss will have to purchase when fresh garden stocks become scarce.

Fruit is in the intermediate stage between the soft fruits which are almost over, and the coming of the deciduous fruits of the Fall. Prices show slight change.

The price of eggs is hardening.

New York bar silver to-day, $0.95½.

LOWER CLOSE FOR CHICAGO GRAINS

(By Burdick Brothers, Ltd.)

Chicago, Aug. 6.—The market closed much lower from the high points to-day on better news frmo Europe. Shortly after the opening to-day grains had a sharp advance, but on the reports that some agreement might be expected before lond in the war zone prices began to show weakness, with the result of much lower prices at the close.

INSURANCE HIGHER

New York, Aug. 6.—An increase in burglary insurance rates was decided upon by the Burglary Insurance Underwriters' Association at a meeting at the McAlpin Hotel. Flat and apartment house dwellers who desire to insure their property against thieves will be forced to pay $1.44 more for each $1,000 insured. Families and persons living in private residences will be taxed only 20c more for each $1,000.

CHEAPER SUGAR

Seattle Prices Next Wednesday to Drop to 22 Cents a Pound.

Seattle, Aug. 6.—Cheaper sugar will be on the Seattle market next Wednesday.

This advice was received by local dealers yesterday. The retail price is now $23.75 per 100 pounds, but after Wednesday the price will be $22 in 100-pound sacks. The first allotment of sugar under the reduced price will reach the city Tuesday, but will not be on the market until the following day.

Further price declines in sugar are anticipated by local dealers.

VERY SLIGHT GAINS IN NEW YORK STOCKS

(By Burdick Brothers, Ltd.)

New York, Aug. 6.—On further news from Europe the market had another soft day with new lows in most all issues. Towards the finish, however, a slight recovery took place and scattered buying was witnessed. The close was uneven, but an advancement over the lows of the day were noticeable.

TODD DIVIDES WITH WORKMEN

Shipbuilder Says Men Deserved Million He Distributed

New York, Aug. 6.—In Wall Street and Washington "the man who gave away a million" is Mr. William H. Todd, president of the Todd Shipyards Corporation, the biggest company of its kind in America.

But to the 15,000 men on his payroll in Manhattan, Brooklyn, Jersey, Tacoma and Seattle, he is just Bill Todd, the boss.

He laughed when asked if he had distributed the $1,000,000 as a philanthropy, an incentive to increased efficiency or to insure future loyalty in labor troubles; and he replied:

"Hell, no! I gave it to the boys because it was coming to them, because they had earned it, because I promised it to them. I didn't really give it away, at that. We're all working together. We all did pretty good work for the last four years, and I simply was giving the gang I work with a split on what was made."

When it was pointed out that there has been less labor trouble in the Todd yards than elsewhere since the war broke, the boss shipbuilder nodded, and explained it this way:

"My people know me just as well as I know them.

"Loyalty of labor? You can't buy that with a million times a million. Incentive to increased efficiency? There's not a big man in our outfit that was not lifted out of the ranks by his own effort. Philanthropy? Workmen don't want philanthropy. They want a fair deal all around."

"What makes an American workman sick in his stomach is the chap who gets in a hole of his making, then runs to his workmen, throws his arms around them and begs them to help him out. Who can respect a fellow like that?

"Then, on the other side, there's the workman who says he can't work longer than six hours a day, and when he gets the six hours complains that six hours' pay isn't enough to live on. Why doesn't he work longer then? I'm working more hours than I ever did.

"The boss of a big plant is responsible to the community as well as to the men he's working with.

"If something moves me to give a new organ to Fr. Long of the Visitation Church over in Brooklyn, then Christ Chapel nearby ought to get a hardwood floor, and Christ Chapel gets it. If the little Van Brunt Street trolley that takes our men to and from work is in trouble we ought to help it out. The storekeepers and merchants deserve recognition. It's all a big family affair.

"Unless someone watches out there'll be an uprising of the middle people in this country. They are the ones whose interests have not been considered. The big fellow and the workmen may be able to fight it out, but the people who are not in the capitalist class nor yet laborers have fights, too. The American people are not fools."

IRON GERMS.

In the same manner that coral is derived from certain minute sea-insects who flourish in the South Pacific, so certain iron ores are obtained from particular microscopic organisms.

That is the latest scientific discovery, which promises interesting developments.

It has been proved that these germs not only aid in the decomposition of rocks and in the formation of chalk and limestone, but play an active part in the forming of iron-ore deposits.

Laboratory cultures have been made of bacteria which deposit iron compounds both in surface waters and in mine water hundreds of feet under ground, and the hard crusts and slimy masses that choke up water-supply pipes have been found to be composed of millions of these "iron bacteria."—Tit-Bits.

When You Travel, Even in Canada

carry your funds in Travellers' Cheques, issued by The Merchants Bank.

Personal cheques are often refused. Money may be lost or stolen.

Travellers' Cheques, on the other hand, are cashed by banks, hotels, transportation companies and stores at their face values, and enable you to raise ready money wherever you happen to be. If lost, they are of no value to the finder; if stolen or destroyed, they will be replaced without extra charge. Use them for your next journey.

BONDS FOR SAFETY

BONDS form the ideal investment for either large or small capital. First, because they are eminently safe, being secured by many times their value. Then because they are readily convertible into cash. There is always a strong market for bonds. The new issues by Governments and Municipalities are of small denominations and so easily available when needed quickly. Some of the new Municipals yield as high as 9 per cent.

Consult with the Bond Manager regarding his new listings.

KEATING RATEPAYERS TAKE FIRM STAND AGAINST FRILLS

Nominee For School Trustee Must Support Anti-frill Crusade

Nomination of a candidate to sit on the Board of School Trustees in the place of Trustee S. W. Raven, resigned, formed the purpose of a meeting of the Ward VI. Ratepayers' Association, Saanich, last night in the Temperance Hall, Keating.

Invites Opinion.

President H. E. Tanner, in opening the meeting stated that he wished to get the feeling of the gathering on the question of the school extras or "frills." Opinion in nearly all the other wards had crystallized against the frills, and in those wards that were divided on the point, the anti-frill contenders were in the majority by far. The nomination of a candidate to the position of School Trustee was useless until the gathering knew what type of a man they wanted.

Trustee Holloway.

After some preliminary discussion in which all joined, and the concensus of opinion seemed to loom largely to the anti-frill movement, Trustee F. Holloway took the floor, and gave a concise address on the position in the schools of the district.

"As a Trustee I am under an obligation to outline my stand on this matter, the press has understood remarks that I made at the Board to give rise to the impression that I am against these frills. Well, I have taken that stand to some extent, though I may say on the question of manual training there is grave room for doubt."

"I think these matters of school gardening and domestic science, with manual training, are at least of secondary importance, and it would be much better to apply these extras after the children have reached the age of fourteen, when they would be more fitted to make the best use of the knowledge being taught them."

"Then I think these frills should be made the subjects of a separate school and come under the care of the Government. The Government admit their obligation by contributing part of the funds for the frills now, and I think the entire question is up to them. Our schools are overloaded and our children are being taught too many subjects imperfectly now."

Criticism of Results.

"Let me give you some facts and figures showing the necessity of a change in our curriculum. At the last entrance examinations for the High School—these figures were recorded for the Saanich schools—and remember there were eleven subjects with 1,100 marks possible. From Ward Six one pupil made 665 and another 578, both passing, and being the only ones to pass, while a number fell below the half way mark allowed for a pass.

"Cloverdale school, with 250 pupils, sent seven up for entrance examination and one passed; the Tolmie school, one of the largest in the district, with over 300 pupils, sent eight pupils, of whom but three passed; now that is not good enough. The entire list bears out that proportion: Keating, two out of six; Prospect, none out of five; Saanichton, two out of four; West Saanich, none out of five; Cedar Hill, three out of twelve; Gordon Head, four out of five; Cloverdale, one out of seven; Craigflower, four out of four; McKenzie Avenue, two out of eleven; Royal Oak, four out of six; Strawberry Vale, two out of six; Tillicum, six out of eight, but no gardening there; Tolmie, three out of eight.

"Arithmetic was the poorest subject, one child getting eight marks only, Canadian History next, and in British History the children did not do much better.

What Is Cause?

"Now one of three things is the cause, either the children are backward, the teachers poor, or the system is rotten—and I venture to say it is the last.

"The teachers themselves state that the children are being taught too many subjects, and many of them are bitterly opposed to these frills. School gardening can be done better and more usefully at home, domestic science is of little use at that age, and I think manual training should be taken up at separate mechanical and industrial schools under the care of the Government," concluded Trustee Holloway.

The Resolution.

President Tanner then put a resolution to the meeting that received unanimous approbation, "That this Association go on record as being unalterably opposed to the teaching of domestic science, school gardening and manual training in the primary schools." After further discussion it was decided not to select a candidate from Ward Six, but to leave that matter to either of the First, Third or Fifth Wards that were now without representation on the School Board. It was stated in no uncertain terms that only an anti-frill man would be acceptable to the ratepayers of Ward Six, "Give me a man to support me, and I will do all in my power to suppress these secondary matters," Trustee Holloway told his hearers.

J. Cheetham and Dr. Francis, with President Tanner and Secretary Geo. Stewart, all spoke in support of the anti-frill movement.

YOUNG WOMEN AVOID PAIN

This One Tells How She Was Benefited by Taking Lydia E. Pinkham's Vegetable Compound

Regina, Sask.—"For two years I suffered from periodic pains and nausea so I was unable to be around. My mother had me take Lydia E. Pinkham's Vegetable Compound, and I am much better and able to about all the time, which I could not do before. I recommend Vegetable Compound to my friends if I know they suffer the same way, and you may publish my letter if it will help any one, as I hope it will."—Miss Z. G. BLACKWELL, 2073 Osler Place, Regina, Sask.

If every girl who suffers as Miss Blackwell did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

VICTORIA BOYS SCOUTS' ASSOCIATION

Patron—His Majesty the King.
Patron for British Columbia—His Honor the Lieutenant-Governor.
Third Troop—Headquarters, Willows Camp. Acting Scoutmaster, R. A. Wootton.
Collegiate Troop and Pack—On holidays.
St. Aidan's Troop and Pack—On holidays.

MacLean Troop and Pack—Scoutmasters, P. A. Trowsdale and A. MacArtair. Meets at 601 Esquimalt Road, Fridays at 7:30 p.m. This Troop and Pack have just returned from a most successful camp, which was much enjoyed by those able to attend. They left as the Oak Bay Troop went into camp, but had time for a joint Sunday service together on the Finlayson Flats.

Oak Bay (Gonzales) Troop, Scoutmaster Seymour deP. Greene. Meets every Friday at 7 p.m., and Saturday at 2 p.m. Just returned from a ten days' camp at Finlayson Flats. Everyone happy, having had the time of their lives, and learned a lot about true scouting and woodcraft. Headquarters, Mitchell and Granits Streets, Oak Bay.

Oak Bay and Gonzales Packs. Cubmaster, Seymour deP. Greene. Meets Thursday at 6.30, and Friday at 7 p.m. Corner Granite and Mitchell Streets, Oak Bay.

Both Packs go into camp Saturday next.

Fairfield Troop and Pack. Headquarters, Cathedral Schoolroom, Quadra Street. Meets every Thursday at 7.30 and 4.30. A few members of the Troop joined the Oak Bay Troop in their camp at Finlayson Flats, much enjoying the outing.

First Presbyterian Pack. Mr. Aubone Hoyle in charge. Meets every Thursday at 7.30 p.m., in First Presbyterian Church.

Hillside (Centennial) Troop and Pack. Mr. A. Brown in charge.

A.S.M., F. W. Ansett. Meets every Friday at 7.30 p.m., in Centennial Church. This Troop and Pack are growing very fast.

James Bay Troop—Headquarters corner of Douglas and Simcoe Streets. Scoutmaster, C. J. Cherry; assistants, S. Davie and G. Thompson.

Meetings are being continued without a break, so that those keen enough to attend will be that much to the good. The Troop is now open to receive a considerable number of recruits. All members will meet at headquarters on Saturday, August 14, at 1 p. m., in full uniform, for the purpose of attending the presentation of a totem pole to the James Bay Pack.

The Pack will meet at headquarters at 1 p. m. on Saturday, August 14. Everyone must be in uniform, which must be correct, as on this parade the Pack will be presented with a totem pole at the garden fete arranged for the benefit of this organization, which will be held at the residence of Mrs. Jones-Evans, Michigan and Douglas Streets, from 3 to 6 p. m. Cubs should ask their friends to be present.

James Bay Rover Patrol—Headquarters same as Troop. A. S. M. in charge of L. Sykes.

Those wishing to join this Patrol are requested to get in touch with the above-named immediately so that the organization meeting may be held with as little delay as possible.

James Bay Wolf Cub Pack—Headquarters corner of Simcoe and Douglas Streets. Parade on Friday 7 p. m. Cubmaster, N. Fatt; assistant cubmaster, O. T. Boulton.

The Pack is looking forward to August 14, on which date they are to receive their totem pole. Arrangements are being made to hold a garden fete in connection with the presentation, so that the parents of the cubs may meet each other. Some of the cubs had an afternoon at Mount Tolmie last Saturday, in charge of the A. S. M. There are a few vacancies in the Pack, and it is hoped to fill these next month. Boys of nine or over, who would like to be cubs, should apply to Mr. Fatt on Friday evening at headquarters.

The record for births is said to have been established by a woman living in Mercer County, Pennsylvania, who, in 1818, gave birth to ten children in a single year—five at the first birth and five at the second, which occurred ten months later.
